**Sub: Disclosure under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements), Regulations 2015- Outcome of stoppage of mining activities in ABOCP**

This is to inform that coal mining and dispatch work in the ABOCP Mine under Block-II has illegally been stopped by the unorganised persons. The coal production and dispatch of Block-II Area have been stopped since 02.04.2026 (about 3.00 PM) which is still continued.

In the past, local mazdoors were deployed by transport contractors for shale picking and segregation work at railway sidings. Over the time, departmental production has been reduced drastically, leaving negligible scope to accommodate such a large number of persons. Further, coal crushing is now mandatory in outsourcing production, which has rendered shale-picking work largely irrelevant.

As per the agreement with the local administration dated 18.08.2020, it was acknowledged that the supply of persons was much higher than the requirement. Accordingly, the work was distributed among them and they were engaged for only 4-5 days per month and paid HPC wages for those limited days. Despite this arrangement, these persons frequently raise demands for full-time HPC wages and other allied benefits.

Currently, they have once again stopped coal production and transportation at ABOCP Mine since about 03:00 P.M from 02.04.2026.

In view of the above, following actions have been taken:

- 1) A letter has been mailed to the SSP, Dhanbad with copies to all concerned authorities.
- 2) A letter has been mailed to the DIG(CISF), BCCL with copies to all concerned authorities.
- 3) FIR lodged at Baghmara Police Station.
- 4) The matter has been apprised to the HoD(IR), BCCL and D(HR), BCCL and other authorities in HQ.

Yours Faithfully,

**For Bharat Coking Coal Limited**
