BCL Industries has successfully commissioned 200 KLPD Ethanol expansion at Bhatinda facility along with 10MW Power plant

July 24, 2023: BCL Industries Limited (BSE: 524332), has successfully commissioned a 200 KLPD Ethanol dedicated brownfield expansion at Bhatinda, Punjab, taking the plant's distillery capacity to 400 KLPD at Bathinda. The company has also commissioned a 10 MW Power Plant that will run on paddy straw, for which the company has already sourced paddy straw stock required until December 2023, along with contracts for paddy straw already in place for the next year. The company expects this power plant to bring down the fuel cost for distillery segment moving forward. The capex outlay for this expansion was INR 220 Crores.

Commenting on the expansion, Managing Director, Mr. Rajinder Mittal said: *"We are extremely delighted to announce the commissioning of our brownfield expansion at Bhatinda. This expansion has propelled BCL to become one of the largest grain-based distilleries in India. We are committed and proud to be a part of promoting the government's initiatives on Bio-Fuels in India."*

About BCL Industries Limited:

BCL is one of the largest grain-based manufacturers of ENA and Ethanol in India having over 40 years of experience in agro processing industry. By introducing an eco-friendly production and distribution system in the manufacturing process. The manufacturing facility of the company is a world class integrated distillation plant with a total capacity of 400 KLPD in Bathinda, Punjab and 200 KLPD in Kharagpur, West Bengal.
