BEML ROLLS OUT COUNTRY'S BIGGEST DUMP TRUCK

BEML, a premier Mining & Construction Equipment manufacturer, has rolled out Country's First Electric Drive Rear Dump Truck BH205-E for large scale coal mining applications.

At a function held at Company's Mysuru Complex today, Shri G. Mohan Kumar, Secretary (Defence Production), Ministry of Defence, has rolled out the indigenously designed and developed equipment in the presence of Shri P. Dwarakanath, CMD, Directors, and Executive & Employees of the Company.

BH205E Rear Dump Truck is powered by Tier-II emission compliant Modular common rail Electronic Engine with 2300 HP. AC drive system has been engineered to provide exceptional haul road performance with reduced maintenance. BH205E weighing 335 tons when fully loaded is easily manoeuvrable with power steering with wide steering angle, resulting in short turning radius and good manoeuvrability. Special attention was paid to ensure Operator's comfort by providing spacious ROPS compliant cabin with co-operator seat, Ergonomically designed instrument panel, Telescopic/tilt able steering wheel, Well cushioned adjustable operator seat with three point seat belt, Front AC for uniform cooling of cabin, Large tinted glass windows for excellent visibility and all safety features have been provided including provision for emergency steering, braking, and proximity warning.

With the introduction of this new generation Dump Truck, BEML has touched another milestone in its R&D efforts in achieving self-reliance, enhanced productivity in mining operations in line with 'Make in India' policy and increased coal production, apart from optimising costs.
