'Nxtra by Airtel' to set up two data centre campuses in Maharashtra

The future ready facilities to come up at Mumbai and Pune to serve the growing demand for secure data centre services

New Delhi, November 3, 2020: Bharti Airtel ("Airtel") today said that its subsidiary Nxtra Data Limited ("Nxtra") has signed a Memorandum of Understanding with the Maharashtra Industrial Development Corporation for setting up two new data centre campuses in the state. The new facilities will come up at Mumbai and Pune respectively.

Nxtra by Airtel offers secure data centre services to leading Indian and global enterprises, hyperscalers, start-ups, SMEs and governments. Nxtra's nation-wide portfolio of 10 large data centres and more than 120 edge data centres provides customers with co-location services, cloud infrastructure, managed hosting, data backup, disaster recovery, and remote infrastructure management.

The company already operates two large data centres in Maharashtra. In addition, it has multiple Edge data centres across Mumbai, Navi Mumbai, Thane, Pune, Nagpur & Kolhapur.

India is witnessing a considerable surge in demand for secure data centres driven by digital transformation of businesses, consumer demand for digital services, and data localisation requirements. Recently, The Carlyle Group through its entities announced an investment of USD 235 mn for a 25% stake in Nxtra at a post money valuation of USD 1.2 bn. Nxtra will use the proceeds from this transaction to continue scaling up its infrastructure and offerings across India.

Rajesh Tapadia, CEO – Nxtra Data said: "We are on a mission to support the growth of India's digital ecosystem with state-of-the-art and highly secure data centre infrastructure. We are delighted to add to our footprint in Maharashtra as part of our nationwide expansion plans to serve the evolving requirements of digital India."

About Airtel

Headquartered in India, Airtel is a global telecommunications company with operations in 18 countries across South Asia and Africa. The company ranks amongst the top three mobile operators globally and its mobile network covers a population of over two billion people. Airtel is India's largest integrated telecom provider and the second largest mobile operator in Africa. At the end of September 2020, Airtel had approx. 440 Mn customers across its operations.

Airtel's portfolio includes high speed 4G/4.5G mobile broadband, Airtel Xstream Fiber that promises speeds upto 1Gbps, converged digital TV solutions through the Airtel Xstream 4K Hybrid Box, digital payments through Airtel Payments Bank as well as an integrated suite of services across connectivity, collaboration, cloud and security that serves over one million businesses.

Airtel's OTT services include Airtel Thanks app for self-care, Airtel Xstream app for video, Wynk Music for entertainment and Airtel BlueJeans for video conferencing. In addition, Airtel has forged strategic partnerships with hundreds of companies across the world to enable the Airtel platform to deliver an array of consumer and enterprise services.
