**SUB.: DIRECTION FROM THE STATE POLLUTION CONTROL BOARD, ODISHA REGARDING
BLAST FURNACE NO. 2**

Dear Sir,

This is in continuation to our letter no. BSL/CS/SE13 November 13, 2013 vide which information was submitted that an explosion happened in the slag pit during the trial run of the Blast Furnace No.2 of the Company at the Steel Plant of the Company at Meramandali, District Dhenkanal, Odisha.

The Company has further received a Direction of Closure from the State Pollution Control Board, Odisha for not starting the operations of Blast Furnace No. 2 again, trial run of which started recently on 10.11.2013, till the further direction of the Pollution Board.

It is further informed that Company's existing operational units of the steel plant at Meramandali, Odisha viz., Conarc Furnace, Arc Furnace, DRI Kilns, Blast Furnace No. 1, Coke Oven, Slab Caster, HR Mill, etc. are fully operational as earlier.

This is for your information and record.

Thanking you,

Yours faithfully,
for **BHUSHAN STEEL LIMITED**

(O. P. DAVRA)
COMPANY SECRETARY
