Bigbloc Construction Limited launches its ESG Profile on ESG World

Surat, 9th July 2025: Bigbloc Construction Limited (“Bigbloc” or the “Company”) (BSE: 540061 | NSE: BIGBLOC), one of the largest manufacturers of Aerated Autoclaved Concrete (AAC) Blocks and Panels in India has adopted the ESG World Platform to efficiently disclose their sustainability initiatives. The platform enables stakeholders to identify status and progress against a wide range of Environmental, Social and Governance (ESG) factors, which are aligned with the various ESG frameworks operating globally.

ESG World consolidates information from diverse Company's documents into a unified platform, enhancing the disclosure of initiatives present in the Annual Report and other shareholder updates. Users have the capability to download ESG-related reports directly from the platform. This approach provides stakeholders, including potential investors, research analysts, rating agencies and lending banks, with real-time insights into our ESG platform.

| Message from Chairperson | Board of Directors Chairman | | | Narayan Sitaram Saboo (Chairman): We have entered a productive phase in our joint venture with Siam Cement Group (SCG). The JV, Siam Cement BigBloc Construction Technologies Private Limited, began production of AAC blocks and AAC panels with a capacity of 250,000 cubic meters per annum in Q4FY24. This collaboration combines SCG's technical expertise with our market acumen, setting the stage for a future filled with innovation and growth. Additionally, our capacity expansion at the Wada plant is well underway, set to double from 250,000 to 500,000 cubic meters per annum in FY25. Once completed, it will be the largest single location AAC block capacity in India. This strategic move is also poised to make us the largest AAC block manufacturer in India by FY25; Expanding markets and clientele: We expanded our market reach to newer regions like Nashik, Nandurbar, Dhulia, Rajkot, Jamnagar, Mundra, Udaipur, Jalgaon, Bharwani and many others; The sustainability edge: Sustainability is not merely an element of our business model. It is intrinsic to the products we create and forms the cornerstone of our future. From concept to execution, our operations are deeply embedded in environmental consciousness, seamlessly integrating sustainable practices into every facet of our products, processes, and systems; Opportunities and |
