AI pilots spot jeep, man on runway; force early takeoff

AGENCIES
New Delhi

Hurting down the runway in Pune at a speed of more than 222 kilometres per hour this morning, pilots of an Air India aircraft noticed a jeep and a man in their way, prompting them to carry out a premature and emergency takeoff. Though a major catastrophe was averted, this resulted in the tail striking the surface of the runway, damaging the fuselage.

The Airbus A-321 aircraft carried on with its flight to Delhi where it landed safely. There were 180 passengers and crew on board the flight. The incident is now

being investigated by the aviation regulator, the Directorate General of Civil Aviation (DGCA), and both the pilots have been de-registered till the end of the probe.

It is unclear at this stage why the pilots chose to continue their flight to Delhi instead of returning to Pune to make an emergency landing. Investigators will try to understand whether the pilots were aware of the extent of the impact that the rear fuselage of the airliner made with the runway. It is also currently unclear whether a 'tail-strike' sensor was installed on this aircraft which would have alerted

the pilots of the impact with the runway when the aircraft made its emergency take-off.

Images show the extent of the damage to the fuselage of the aircraft which has now been withdrawn from service. A document submitted by Air India to the regulator says, "damage observed on fuselage skin and [air] frame."

The Pune Airport is also an Indian Air Force airfield, like several other airports in the country, where armed forces personnel carry out routine activity. The DGCA has asked the Indian Air Force to preserve the recording of Air Traffic Control. Mean-

while, Air India has been advised to remove the cockpit voice recorder (CVR) for its analysis, a DGCA official said after the flight landed in Delhi.

The Air Force too has confirmed the claims of the Air India pilots that a service vehicle was near the runway prompting the pilots for an early takeoff.

DGCA orders probe into incident

The country's civil aviation regulator, the Directorate General of Civil Aviation (DGCA) has ordered a probe into an incident involving tail scraping of an Air India aircraft being operated from Pune to Delhi.

Four children burnt alive as school van catches fire

AGENCIES
Chandigarh

In a tragic incident, four children were charred to death when a nearly-30-year-old, illegally run, ramshackle van of a private school ferrying students back home caught fire in Punjab's Sangrur district on Saturday, police said.

The children, who were trapped inside the burning van and burnt alive, included a nearly three-year-old girl, visiting the school for the first, they said.

The 1990's-model, petrol vehicle, fitted with an LPG cylinder, itself was bought by the school authorities on Friday and deployed to ferry children for the first time on Saturday.

The accident took place on the Longowal-Sidsaachar road, police said, adding 12 children were in the van at the time of the incident. While eight children were rescued

from the burning van by people working in nearby fields, four others, including the three-year-old girl, were burnt alive in the vehicle, they added.

The police reacted to the tragic incident by booking the school principal, its management and the van's driver of the van on charges of causing culpable homicide not amounting to murder under section 304 of the Indian Penal Code.

Punjab Chief Minister Amarinder Singh too ordered a magisterial probe into the incident, while ordering the state Transport Department to launch a statewide checking of the road-worthiness and fitness to all school buses for students' safety.

He also ordered an ex-gratia payment of Rs 7.25 lakh to each of the victims' families.

"Very sad to learn of the news from Sangrur where we

lost 4 children because their school van caught fire. Injured have been rushed to the hospital. DC and SSP Sangrur are on the spot and I have ordered a magisterial enquiry. Guilty will be strictly punished," he tweeted

While ordering state Transport Department to run a safety check of all school vehicles to avoid recurrence of such a tragedy, he also directed the District Child Protec-

tion Officers of Social Security Department to keep a strict vigil on schools vehicles violating provisions of the Motor Vehicles Act.

CRPF to use drones in anti-terror ops in J&K

AGENCIES
New Delhi

For anti-terror operations in the Jammu and Kashmir, the Central Reserve Police Force (CRPF) has decided to use drones, which will carry out reconnaissance in built-up areas to locate terrorists.

"During operations, terrorists hide in built-up areas and start firing on forces. To identify the source of fire, drones would be used," said a senior IPS officer. The drones would also assist the forces in "close-range missions", the officer added.

The captured data of the site would help make on-the-spot strategy and pin-point

the the holed-up terrorist's location. The drones would be under CRPF's command in Rambagh in Srinagar.

The CRPF, headed by IPS officer AP Maheshwari, is procuring 20 drones with speed up to 72 km per hour and minimum flight time of 31 minutes with 28 mm focal point. It also plans to procure drones from India-based companies promoting 'Make in India' campaign.

The drones should be foldable, portable and omnidirectional, which is six directions, the officer said. "We are looking for foldable drones as it can be carried in a bag and deployed quickly and easily," the officer said.

Kerala Vigilance registers case against former Cong minister

THIRUVANANTHAPURAM: The Vigilance and Anti-Corruption Bureau (VACB) on Saturday registered a case against senior Congress legislator VS Sivakumar, a former state health minister, based on a complaint that he has assets disproportionate to his known sources of income. Sivakumar was a Minister in the cabinet of Oommen Chandy (2011-16). Sivakumar said this is "nothing but settling political scores".

"The VACB had conducted a detailed probe and given me a clean chit. The new one is based on an anonymous complaint," said Sivakumar.

The opposition Congress sees this as a tit-for-tat after it came out strongly against the Kerala police chief and Chief Minister Pinarayi Vijayan, who is also the Home Minister, following a CAG report pointing at gross irregularities in funds utilization. State Congress chief Mullanpally Ramachandran said the party welcomed the probe.

Credit growth momentum picking up: RBI chief

AGENCIES
New Delhi

Amid concerns over economic slowdown, RBI chief Shaktikanta Das on Saturday said credit growth momentum is picking up and ruled out any possible spike in inflation due to Budget proposals as the government is maintaining "fiscal prudence".

After the first meeting of the RBI board post 2020-21 Budget presentation, Das also expressed hope that transmission of rate cuts would improve further.

The meeting, which was also addressed by Finance Minister Nirmala Sitharaman, discussed various Budget proposals.

"The direct inflationary

impact of any budget is fiscal deficit number, when borrowing goes up, but the government has adhered to the principle of fiscal prudence.

"The 'escape clause' under FRBM Act, the deficit number in the current year as well as the next year are very much within the parameters set as per FRBM committee recommendations," Das said.

Facing revenue shortage, the government raised the fiscal deficit target to 3.8 per cent of the GDP for 2019-20 in the budget, from the 3.3 per cent pegged earlier.

The government has utilised 'escape clause' under the Fiscal Responsibility and Budget Management (FRBM) Act, which allows the Centre to breach its fiscal

deficit target by 0.5 percentage points at times of severe stress in the economy.

Meanwhile, the finance minister said the government is monitoring farm credit given by banks in rural areas, adding that she expects to meet the increased target of Rs 15 lakh crore for the next fiscal.

"Credit limit has been expanded. I am sure it is based on local ground level requirement...we expect the demand to grow and credit requirements to also meet up with it. I am actually closely monitoring banks and their extension of credit facility particularly to rural areas. So I think we'll be able to meet that," Sitharaman said.

Cong: Govt extorting money from prepaid cell phone users

AGENCIES
Chandigarh

The Congress on Saturday queried the Centre whether the increase in tariff of cell phone users by 40% a step to recover Adjusted Gross Revenue (AGR) in the backdrop of the Supreme Court verdict. The party alleged the NDA government is fleeing Rs 1,60,000 crore belonging to the people in the garb of AGR.

The Supreme Court on Friday came down heavily on the telecom companies for not paying dues to the tune of Rs 1.47 lakh crore to the government and summoned their top executives to explain why the top court order was not followed to clear the

dues.

The Congress cited the chronology of the AGR case. In October 24, 2019 the Supreme Court directed the telecom companies to pay Rs 92,000 crore to the government towards AGR under the Telecom Policy, 1999. The Congress said the amount of about Rs 1,02,000 crore is owed to the government of India by Vodafone-Idea, Airtel Bharti, Tata Tele Services (now owned by Airtel) and Reliance Jio.

"On November, 20, 2019, Prime Minister Narendra Modi in a Cabinet meeting approved deferring Rs 42,000 crore of 'Spectrum Auction Installments' of telecom companies for the years 2020-21 and 2021-22.

Dissent 'safety valve' ...

Justice Chandrachud's comments came at a time when the passage of the Citizenship Amendment Act (CAA) and the proposed National Register of Citizens (NRC) has triggered massive protests in many parts of the country.

"The destruction of spaces for questioning and dissent destroys the basis of all growth—political, economic, cultural and social. In this sense, dissent is a safety valve of democracy," he said. Justice Chandrachud also stated that silencing of dissent and the generation of fear in the minds of people go beyond the violation of personal liberties and a commitment to constitutional value.

Notably, Justice Chandrachud was part of a bench that had in January sought response of the Uttar Pradesh government on a plea seeking quashing of notices sent to alleged protesters by the district administration for recovering losses caused by damage to public properties during anti-CAA agitations in the state. "The attack on dissent strikes at the heart of a dialogue-based democratic society and hence, a state is required to ensure that it deploys its machinery to protect the freedom of speech and expression within the bounds of law, and dismantle any attempt to instill fear or curb free speech," he opined.

No meeting with HM ...

"No such meeting is scheduled with the Union Home Minister Amit Shah for tomorrow," said MHA in a statement. The development came two days after Home Minister Amit Shah said at Times Now Summit here that anyone having doubts over CAA could seek an appointment from his office and he would be willing to meet the person(s) within three days.

A large number of people have been staging a protest at Delhi's Shaheen Bagh since mid-December last year over the CAA, seeking its withdrawal. It's being dubbed as the "people's protest" because it has no leader or coordinator.

Speaking with media persons on Saturday, a group of anti-CAA protesters at Delhi's Shaheen Bagh claimed that they would be going to meet the Home Minister, and every one of them would meet the Home Minister personally instead of taking a delegation.

Bihari migrant woman emerges topper in Malayalam literacy exam in Kerala

AGENCIES
Kollam

Malayalam is not her mother tongue, yet it did not become a hindrance for this 26-year old Bihari woman who emerged the topper in a literacy examination conducted in the classical language in Kerala for migrant labourers.

Hailing from a nondescript village in Bihar, Romiya Kathur imbibed the soul of Malayalam language and scored first rank with full 100 marks in the examination held by the Kerala State Literacy Mission Authority recently.

Kathur had reached Kerala in search of a job along with her husband Saifullah and settled down in Umayanallor in southern Kollam district six years ago.

Running a tiny juice parlour here now, the woman, a mother of three, had written the exam at a local higher secondary school carrying her four-months-old baby daughter, Thamanna last month.

A total of 1,998 migrant labourers had appeared for the literacy exam in the second phase of the scheme "Changathi" across the state on January 19.

Changathi (Friend) project is aimed at teaching migrant labourers, living in the state, Malayalam within four months.

It had begun in Perumbavoor in Ernakulam district, the hub of migrant labourers in the state on August 15, 2017, Literacy Mission officials said.

Over 3,700 migrants, who flocked to the southern state in search of better wages and living conditions, had cleared the exam under the initiative so far in two phases, they said.

Mission director, P S Sreekala visited Kathur at her home here recently and congratulated for the rare achievement.

The migrant woman said she wanted to clear the higher secondary equivalency exam conducted by the Mission, for which the directed extended complete support.

She also said "Hamari Malayalam, the textbook prepared for students of the Changathi scheme, was very helpful in the daily life.

"It has helped me a lot in communicating in Malayalam, life especially in railway station and market," she said adding she also wanted to teach her children Malayalam.
