Biopol Chemicals Limited

Announcement of Strategic Industrial Land Acquisition to Support Future Expansion

Biopol Chemicals Limited today announced the successful acquisition of a strategically located parcel of Industrial land situated at Plot No. 123 & 124, R.S. No. 493, Vatva Industrial Estate, Phase-1, GIDC, Mouje: Vinzol, Ahmedabad, Gujarat. The Industrial land has been acquired from Bodal Chemicals Limited, marking a significant milestone in the Company's long-term growth and expansion strategy.

With the purchase consideration fully paid, the Company is presently completing the Industrial land registration formalities. Upon conclusion of the registration process and receipt of the necessary statutory and regulatory approvals, development activities will commence as planned.

The newly acquired property spans approximately 30,687 square feet. This strategic investment reinforces Biopol Chemicals Limited's commitment to increasing production capacity, enhancing operational efficiency, and supporting the growing demand for its products in both domestic and international markets. The proposed expansion is also in line with the objects stated in the Company's Draft Red Herring Prospectus (DRHP) and Red Herring Prospectus (RHP), further underscoring its stated growth and expansion plans.

The new site provides the Company with the space and infrastructure necessary to scale operations, adopt advanced technologies, and further strengthen its position in the chemical manufacturing sector.

The project is anticipated to act as a catalyst for regional economic growth, generating significant employment opportunities and stimulating allied industries and local businesses. Biopol Chemicals Limited has reaffirmed its commitment to sustainable development practices and strict compliance with all applicable environmental and regulatory requirements.

This acquisition aligns with Biopol Chemicals Limited's broader vision of sustainable growth, innovation, and long-term value creation for its stakeholders.

Press Release
