STATEMENT OF UNAUDITED CONSOLIDATED AND STANDALONE FINANCIAL RESULTS FOR THE QUARTER AND NINE MONTHS ENDED DECEMBER 31, 2025

Figures above depict year on year comparison

MANAGEMENT DISCUSSION & ANALYSIS OF RESULTS

- Company reported strong financial performance in Quarter 3 and in 9 months of Financial year 2025-2026 - almost achieved Financial year 2024-2025 full year performance in 9 months of financial year 2025-2026 driven by increase in application counts in Visa & consular services and through operational efficiencies.
- The Company has declared an interim dividend of 200% on the face value of its equity shares.
- The company continues to strengthen its global footprint and diversify its portfolio with key contract wins and various strategic initiatives across multiple geographies.
- Growth in EBITDA and profitability was driven by Visa & Consular Services business due to higher application counts and continuing benefits due to change in business model from partner run to self-managed centers.

Consolidated financial results:-

Indian Metals Eyes Gains from its Odisha Plant

Twesh Mishra

New Delhi: Indian Metals & Ferro Alloys Ltd (IMFA) expects gains from its newly acquired plant in Kalinganagar, Odisha, in the first quarter of fiscal 2026-27. Company Managing Director Subhrakant Panda said definitive agreements for acquiring Tata Steel's ferro chrome plant were signed in November 2025. Tata Steel's ferro chrome plant was acquired by IMFA for ₹60 crore. "We are on track to take control of the unit in the ongoing fourth quarter, in fact, probably in February itself," he told ET, adding impact of this acquisition will reflect from Q1 of FY27 onwards.

IMFA expects annual output to grow from about 260,000 tonnes from existing facilities to around 400,000 tonnes in FY27

tonnes from existing facilities to around 400,000 tonnes in FY27. "In FY28, we expect that number to be around 475,000 to 500,000 tonnes," Panda said.

"To query on possible gains from the India-Europe Union (EU) Free Trade Agreement (FTA), he said, "We don't have a large exposure at the moment, only small quantities are exported. But with the expansion in our capacity, we will certainly look to diversify markets."

Panda expects IMFA's ethanoil project, a diversification from its core business, to commission that in March 2026. "Once it is operational for the full year FY27, we are expecting it to contribute about ₹250 crore to the top line, he said. The company reported ₹702.83 crore revenue for Q3FY26, up from ₹643.22 crore in the same months a year ago. Net profit for the quarter ending December 2025 stood at ₹130.67 crore, up from ₹93.14 crore last fiscal.

Panda said IMFA exports nearly 95% of its total ferro

chrome output but this ratio is expected to change with more focus on the domestic market.

"By FY28, we expect to be 60:40, still a little bit more favoured towards exports, but significant tonnage allocation to the domestic market," he said.

Panda expects IMFA's ethanoil project, a diversification from its core business, to commission that in March 2026. "Once it is operational for the full year FY27, we are expecting it to contribute about ₹250 crore to the top line, he said. The company reported ₹702.83 crore revenue for Q3FY26, up from ₹643.22 crore in the same months a year ago. Net profit for the quarter ending December 2025 stood at ₹130.67 crore, up from ₹93.14 crore last fiscal.

FASTag Annual Pass Crosses 5 Million Users in Six Months

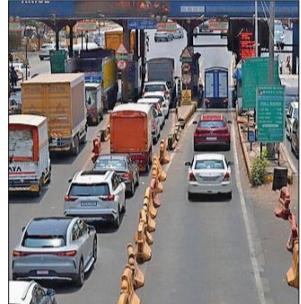

Our Bureau

New Delhi: Over five million highway users have availed the FASTag Annual Pass, launched by the ministry of road transport and highways in August last year, with over 265.5 million transactions recorded in six months since its launch.

This accounts for around 28% of total car transactions on the national highway network being carried out through the FASTag annual pass.

"The growing uptake of the FASTag annual pass reinforces its effectiveness in promoting seamless and economical travel on national highways across the country," road ministry said.

As per the ministry's data, the Bijwasan fee plaza in Delhi-NCR has emerged as the lead-

ing location with around 57% of total car crossings at the fee plaza using the annual pass, followed by Mundka fee plaza in Delhi-NCR and Jhimpuri fee plaza in Sonipat, both registering around 53% of non-commercial vehicle crossings using the annual pass.

The region-wise analysis shows that Chandigarh leads in terms of usage, accounting

for 14% of total annual pass transactions across the country, followed by Tamil Nadu at 12.3% and Delhi at 11.5%. "The milestone reflects the growing acceptance of the annual pass among private vehicle owners for providing a seamless and economical travel option on the national highways and Expressways," the ministry said on Friday, adding it demonstrates widespread adoption of the pass across diverse geographies from northern urban centers to southern states.

Applicable on about 1,150 fee plazas on national highways and Expressways, the annual pass eliminates the need to frequently recharge FASTag through one-time fee payment of ₹3,000 for one year validity or 200 toll plaza crossings. The pass is applicable for all non-commercial vehicles with a valid FASTag.

The region-wise analysis shows that Chandigarh leads in terms of usage, accounting
