**Bluspring Enterprises Limited Debuts on BSE and NSE
and begins trading as a leading infra services company in India**

Mumbai, June 11, 2025 — **Bluspring Enterprises Limited (“Bluspring”)** (BSE Scrip Code: **544414**, NSE symbol: **BLUSPRING**), began trading today on BSE and NSE, marking a significant milestone in its journey as an independently traded entity. The ceremony was marked with the ringing of the opening bell at BSE by Kamal Pal Hoda, CEO, Bluspring Enterprises Limited, signifying the listing of the company’s Equity Shares.

This landmark listing marks the successful culmination of the strategic 3-way demerger of the parent Qess Corp Limited under the Scheme of Arrangement approved earlier this year. As an independent entity, Bluspring sets itself on the trajectory to becoming India’s largest and most trusted organisation in infrastructure management services ushering in a new era of integrated, high-impact business services, in a country where significant investments are being made for infrastructure upgradation.

Speaking on the occasion, **Ajit Isaac, Founder and Non-Executive Chairman, Bluspring**, said, *“The listing of Bluspring is a landmark moment, born out of a strategic vision to build a leading, purpose-driven infra services organization anchored in operational excellence, agility and innovation. In this phase, we are committed to building Bluspring as a market leading entity that shapes the future of infrastructure services. Bluspring will enhance career opportunities for specialists in this space and at the same time develop bespoke solutions for our clients.”*

Kamal Pal Hoda, Chief Executive Officer, Bluspring, added, *“Bluspring’s listing today marks a transformative moment in our journey. As a newly listed company, we inherit a legacy of operational excellence, significant investments and a strong revenue base. We move forward with a renewed purpose, commitment, and growth vision led by a strong management team, in-depth domain expertise, and a future-ready approach. We aim to set new benchmarks in service delivery, digitization, and client experience. As a company, we are excited about the opportunity to drive scalable and sustainable impact for all our stakeholders.”*

With rising urbanization, accelerated infrastructure investments, and a renewed national focus on healthcare, Bluspring is uniquely positioned to tap into the opportunities driving India’s growth story. As one of the most diversified service providers among established players with a pan India presence, Bluspring brings unmatched and wide range of expertise to the table. Bluspring’s edge lies in a combination of digitally enabled operational excellence, process optimization, and strict compliance standards. With well-established brands and anchor clients in healthcare, industrials, and telecom, Bluspring has maintained a client retention rate of over 95%. Bluspring is driving future-ready solutions with a digital-first approach, especially in areas like energy and infrastructure, reinforcing its role as a high-impact, transformation partner in India’s infrastructure development journey.

PRESS RELEASE

About Bluspring Enterprises Limited:

Bluspring Enterprises Limited is an infrastructure management services company committed to delivering operational excellence through smart, sustainable, and secure experiences. With a nationwide workforce of over 85,000 professionals, Bluspring unifies six powerhouse brands – Avon, Indya Foods, Terrier, Hofincons, Vedang, and foundit – into a single, integrated ecosystem.
