---	---

Dear Sirs,

Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations")

We refer to our earlier intimation dated March 11, 2026, regarding the impact on production activities at the Company's Borosilicate Glass Furnace for Pressware Products and its Opal Glass Furnaces, all situated at Jaipur, Rajasthan, arising from the restriction in LPG supply due to a force majeure situation arising from the ongoing conflict in the Middle East and its consequent impact on global fuel supply.

In this connection, we are pleased to inform you that the Company has since been able to secure some supplies of LPG from Oil Marketing Companies (OMCs). Consequently, production operations at both the Borosilicate Glass Furnace for Pressware Products and the Opal Glass Furnaces have been fully restored and are presently operating at normal capacity. The continuation of such operations remains subject to the availability of adequate supplies of LPG.

The Company places on record its sincere appreciation for the support extended by the OMCs and the Central Government and Rajasthan State Government authorities in supporting the industry and facilitating the restoration of LPG supplies, thereby enabling the resumption of normal operations.

This is for your information and record, please.

This intimation is also being uploaded on the Company's website at www.borosil.com.

Thanking you.

Yours faithfully,
For **Borosil Limited**

Rajesh Kumar Chaudhary
Whole-time Director
