PRESS RELEASE

For Immediate Release

Inauguration of St. John's Health Centre at Brigade Meadows

Bengaluru, India, June 24, 2020: Brigade Group is pleased to announce the commencement of a public health centre in its 60-acre integrated development, Brigade Meadows on Kanakapura Road, adjacent to the Art of Living in South Bengaluru.

This not for profit initiative is a joint effort of Brigade Foundation and the highly reputed St. John's Medical College and Hospital. The St. John's Health Centre would cater to the neighbourhood and will eventually become a full-fledged hospital. The Health Center was inaugurated by His Grace, Most Rev. Dr. Peter Machado, the Archbishop of Bangalore in the presence of Rev. Dr. Paul Parathazham, Director, St. John's Medical College and Hospital, Mr. M R Jaishankar, Chairman and Managing Director, Brigade Enterprises Limited and a limited audience, due to the current regulations.

The St. John's Health Centre will commence its services from June 25, 2020 and will cater to all the primary health care needs of a family and provide referral services where needed. The Centre will provide outpatient services, basic laboratory facility, radiology, ultrasound and a pharmacy. This will include general medicine, paediatrics, obstetrics, gynaecology and family medicine. There will also be skin, eye, dental, general surgery and ENT services. A basic first aid/casualty service will be available around the clock.

On this occasion, **Mr. M R Jaishankar, Chairman and Managing Director, Brigade Enterprises Limited** said, *"Brigade being a socially responsible developer, is delighted to set up this much needed health centre on Kanakapura Road. It is part of our continuing CSR efforts in the field of health, community development and education."*

According to **His Grace, Most Rev. Dr. Peter Machado, the Archbishop of Bangalore**, *"This not-for-profit initiative is a collaborative effort of two Charitable Societies, the CBCI Society for Medical Education, which owns the St. John's Medical College and Hospital, and Brigade Foundation. The health centre is well aligned with the original mission of St. John's to make quality healthcare accessible and affordable especially to the underprivileged and the underserved."*
