PRESS RELEASE

India's First WiredScore Platinum-Certified World Trade Center

Bengaluru, February 26, 2026: World Trade Center (WTC) Bengaluru has been awarded a Platinum Certification by WiredScore, the real estate sector's leading certification company focused on assessing, certifying, as well as improving the digital connectivity and smart technology of today's homes and offices globally. By securing the highest possible rating, WTC Bengaluru reinforces its status as a premier destination for businesses that require world-class digital infrastructure to thrive in an increasingly interconnected global economy. The certification highlights the building's readiness to meet the future demands of a tech-driven workforce while setting a new benchmark for commercial real estate in the region. WTC Bengaluru is Starlink-ready, with telecom riser provisions, vertical connectivity pathways, and rooftop infrastructure in place, enabling seamless satellite deployment.

Commenting on the achievement, Nandakumar O P, COO Commercial, Brigade Enterprises Limited said, "This certification for World Trade Center Bengaluru reflects our proactive approach to integrating cutting-edge technology into our commercial assets, ensuring tenants have access to the most reliable, high-speed connectivity to stay ahead in the digital world. This reflects our strong conviction that robust digital infrastructure is no longer a luxury but a fundamental requirement for modern enterprise. It is a testament to our forward-thinking design and ongoing commitment to provide a tech-enabled environment that fosters growth and seamless connectivity."

"By achieving WiredScore Platinum certification, Brigade Group has demonstrated its commitment to future-proofing World Trade Center Bengaluru for years to come in an increasingly competitive real estate landscape. By placing digital connectivity and smart technology at the epicentre of their strategy, Brigade Group is creating a first-class office environment for its tenants and to positively impact the dynamism of our cities." said William Newton, CEO, WiredScore.

WiredScore is on a mission to set the global standard for technology within the built environment, making the world's buildings smarter and better connected, enabling a more collaborative, innovative, and dynamic future.

About Brigade Group: Established in 1986, Brigade Group is one of India's leading property developers with close to four decades of expertise in building positive experiences for all their stakeholders and winning their customers' trust. Brigade has developed many landmark buildings and transformed skylines across India in the cities of Bengaluru, Chennai, Hyderabad, Mysuru, Kochi, Thiruvananthapuram, and GIFT City with developments across Residential, Office, Retail, Hospitality and Education Sectors.

For more information contact: Miriam Macwana, Brigade Enterprises Ltd., Head-Corporate Communications, Phone: + 91 80 41379200; E- mail: miriammacwana@brigadegroup.com

About WiredScore: WiredScore is the organisation behind the WiredScore and SmartScore certifications: the internationally recognised digital connectivity and smart building rating systems for real estate, helping landlords design and promote buildings with powerful digital connectivity and smart capabilities. WiredScore was founded in New York in 2013 by leaders in real estate, technology and telecommunications, with an endorsement from Mayor Bloomberg, to improve the city's technology infrastructure, and support its entrepreneurs who are driving technological advances and creating jobs.

Following success in the US, WiredScore launched in the United Kingdom in October 2015 after winning the Greater London Authority's tender to be the official Mayor of London Digital Connectivity Rating Scheme.
