India Green Financing Rises to \$82b; Flows Directed to Established Sectors, Tech: Study

Urmil Goswami

New Delhi: Investment in India's green transition has increased substantially since the Paris Agreement came into force in 2016. However, green finance in India is still overwhelmingly from domestic and private sources, accounting for 90% of tracked green finance in 2023-24, according to a new report by Climate Policy Initiative.

The Landscape of Green Finance in India, now in its fourth edition, maps actual finance flows or disbursements across sources, instruments, sectors, and subsectors for financial years 2022-23 and 2023-24. According to the report, while green finance has increased substantially between 2016-17 and 2023-24, financial flows remain concentrated in established sec-

top draw, and clean transportation, 10% of mitigation finances.

To improve financial flows to new technologies and sectors, financial institutions need to be able to access information on the risks and rewards of lending to new and less proven technologies.

Saket Kumar, deputy general manager at the Reserve Bank of India, suggests creating a robust knowledge hub that provides adequate information that financiers and financial institutions can draw on while determining lending decisions for technologies that are yet to be established.

The share of private capital now exceeds public funds — 68% of domestic finance in 2023-24 — for mitigation. Further increasing private investment will require a stronger investment-ready project pipeline,

along with scaled blended finance and de-risking instruments, to help crowd in private capital and direct available capital to green activities.

More support for project preparation, feasibility assessment, structuring, aggregation, and risk assessment can better position projects to attract commercial finance.

International flows rose 26% from 2022-22 to 2023-24. India's energy transition alone will require \$300 billion till 2030 across renewable energy generation, storage, green hydrogen, grids, and manufacturing. Financial flows to adaptation have risen, with domestic public funds accounting for 95% of the \$10.5 billion. Disaster risk management received \$9.2 billion or nearly half of tracked adaptation flows.

Embassy REIT Declares Record Payout

Our Bureau

Mumbai: Embassy Office Parks REIT leased more than 1.5 million sq ft of office space during the September quarter, including a pre-lease of an entire 0.5 million sq ft building in Bengaluru, with demand from global capability centres (GCCs) supporting leasing activity.

The office REIT declared its highest-ever quarterly distribution of ₹870 crore, or ₹7.07 per unit, for the quarter ended September, up 9% year-on-year.

GCCs accounted for 85% of leasing demand during the quarter, while new leases covering 0.9 million sq ft were signed at an average 9% premium to market rents.

A global engineering company has pre-leased the building space at Embassy Tech Village in Bengaluru at a 15% premium to prevail-

ling market rents, the REIT said in its earnings release.

Embassy REIT leased 0.2 million sq ft across three assets in Pune, accounting for around 25% of new leasing during the quarter. The activity helped improve occupancy in the city by 300 basis points. Portfolio occupancy stood at 98% by value, with Bengaluru, Chennai and Noida at 94% and Mumbai at 100%.

Revenue from operations rose 16% year-on-year to ₹1,303 crore, while net operating income (NOI) increased 15% to ₹1,069 crore.

Gross asset value grew 16% year-on-year to around ₹74,000 crore, while net asset value increased by 18% to ₹524.74 per unit, supported by higher market rents, additions to the portfolio and valuation assumptions.

Embassy REIT also acquired 0.08 sq ft of fully leased retail space at FIFC in Mumbai's Bandra-Kurla Complex, thereby consolidating its ownership in the commercial property.

During the quarter, the REIT raised ₹2,050 crore in debt at a blended interest rate of 7.14%.

This included ₹1,000 crore in financing under the Reserve Bank of India's new lending framework, described by the company as the first bank financing to an Indian REIT at the trust level under the framework.

The REIT also completed a 0.6 million sq ft office block at Embassy Splendide TechZone in Chennai, fully committed to a leading US-based GCC. Its development pipeline stood at 5.6 million sq ft across Bengaluru and Chennai.

BSE Limited
The Power of Vibrance

25th Floor, P.J. Towers, Dalal Street, Fort, Mumbai – 400 001

BSE Limited, Asia's oldest and one of India's major stock exchanges, invites applications for the post of Managing Director and Chief Executive Officer

BSE Limited, Asia's oldest and one of India's major stock exchanges, invites applications for the post of Managing Director and Chief Executive Officer.

Established in 1875, BSE Ltd. is India's premier stock exchange and has played a pivotal role in shaping and developing the country's capital markets for over 150 years. In 2017, BSE became India's first listed stock exchange, marking a significant milestone in its distinguished legacy.

Experiences:

- Seasoned leader with a minimum of 20 years of experience, including at least 5 years in a senior leadership role.
- Possesses a deep understanding of capital markets.
- Demonstrates a strong understanding of technology and digital transformation, with the proven ability to lead technology-enabled initiatives and driving operational excellence.
- A market-savvy leader with an entrepreneurial mindset and an innovative approach to driving growth within a regulated ecosystem.
- Brings experience in managing diverse stakeholder groups and balancing expectations across investors, regulators, business partners, customers, employees, and other key constituents.

Minimum Educational Qualification: Strong academic background, including a graduate degree or professional qualification from a recognized educational or professional institution e.g.: BA, B.Com, CA, MBA, LLB, B.Tech, or equivalent credentials from reputed institutions.

Age: Applicants should be under 62 years of age as on 1st July 2027

Furthermore, the candidate will need to fulfill the requisite eligibility requirements stated as per the Companies Act, and SEBI Regulations, and must obtain the necessary clearances or No Objection Certificates from the relevant authorities, wherever required.

Compensation: The compensation and perquisites will be in line with industry standards.

Location: The position is based in Mumbai.

References will be required.

As per the current SEBI guidelines, a person may be appointed as MD & CEO for a maximum of two terms not exceeding 5 years each, subject to the maximum age of 65 years.

Interested candidates (Indian passport holders only) may please send their CVs via email to bse2026@egonzehnder.com. The application will be treated with strict confidentiality and should be received by 10:00 am IST on 19 November, 2026. In case of any queries please email bse2026@egonzehnder.com or contact: +91 22 4076 7000.

Note: Only applications submitted in accordance with the prescribed process and within the stipulated timeline will be considered.

Meeting the eligibility criteria does not guarantee shortlisting. For exceptional candidates, the eligibility requirements may be relaxed at the discretion of BSE Ltd. The final selection shall be at the sole discretion of BSE Ltd., subject to applicable regulatory approvals, and the decision shall be final and binding on all applicants. BSE is an equal opportunity employer and encourages applications from qualified candidates regardless of gender, age, or background.
