Mumbai, Dec 11: Bank of Baroda (Bank), one of India's leading public sector banks, has been recognised as 'Best Bank in India' at the prestigious Bank of the Year Awards 2025 by The Banker magazine, a Financial Times publication.

The award celebrates Bank of Baroda's excellence, innovation, and outstanding contribution to the banking industry. It underscores the Bank's continued focus on delivering superior financial performance, driving digital

Vellore, Dec. 11: Many older adults experience breathlessness or fatigue and often dismiss it as ageing, but these symptoms can signal a serious heart condition - aortic stenosis. In this disease, calcium deposits narrow the aortic valve, forcing the heart to work harder. Left untreated, it can lead to heart failure or sudden cardiac arrest.

Recognising danger of aortic stenosis before it turns fatal

Over 4.6 million older adults in India suffer from severe aortic stenosis, a number rising with the ageing population. The condition worsens over time, and medicines offer only temporary relief. Alarmingly, half of those with severe disease do not survive beyond two years unless the valve is replaced.

Earlier treated through open-heart surgery, aortic stenosis can now be managed with Transcatheter Aortic Valve Implantation (TAVI), a minimally invasive procedure that enables faster recovery and shorter hospital stays.

Dr. John Jose of Christian Medical College, Vellore, notes that recent advances in valve design have improved long-term outcomes, helping valves last longer and enhancing quality of life for elderly patients.

Anyone experiencing these symptoms - or caring for ageing parents - should consult a cardiologist. A simple stethoscope exam or echocardiogram can detect the disease early and potentially save a life.

life ahead. "If one uses this period wisely, life after 40 becomes secure and fulfilling," she noted.

Dr. Subashini also shed light on the contributions of Thaninayagam Adigal, the Sri Lankan-born scholar who championed Tamil research globally. She recounted his efforts in establishing world Tamil conferences, promoting Tamil studies internationally—including in Germany—and his exploration of linguistic links across Asian languages.

The second guest speaker, Dr. Gowthama Sanna, Writer and Advocate at the Madras High Court, was introduced by Dr. M. Palani, Associate Professor. Dr. Sanna, an

alumnus of the college, is known for founding the Jai Bhim Foundation, Jai Bhim 20, and the Tamil Nadu Barthargal Sangam. His initiatives supporting disabled individuals and students have earned him international appreciation, including the release of his "Letters of Revolutionary" books in the UK Parliament. He remarked that studying at Government Arts College, Nandanam instills both confidence and academic excellence.

The seminar concluded with a Vote of Thanks by Dr. S. Sivasankaran, Associate Professor, who reinforced the message that the years between 20 and 30 are crucial for shaping a strong and successful future.

The first guest speaker, Dr. Subashini Kanaga Sundaram, Founder & Chairperson of the Tamil Heritage Foundation (International), Germany, was introduced by Dr. M. Jansi, Associate Professor. Dr. Subashini highlighted the global relevance of Tamil heritage and urged students to make the most of their academic years. Stressing the importance of the age between 20 and 30, she said that this decade forms the foundation for a successful
