Birlasoft Named an OpenAI Select Partner

Noida, Pune (India), October 8, 2026: [Birlasoft Ltd](#), part of the multibillion-dollar [CKA Birla Group](#) today announced that it has been named an OpenAI Select Partner within the OpenAI Partner Network. The OpenAI Partner Network is a global program for partners to build, sell, and deliver AI solutions with OpenAI. It brings together partners with deep industry expertise, delivery capabilities, and customer relationships while equipping them with resources, enablement, and support to help enterprises adopt OpenAI frontier models and products and turn them into measurable impact.

As an OpenAI Select Partner, Birlasoft will continue working with OpenAI to help enterprises build, deploy, and scale AI solutions responsibly and effectively. This will enable enterprises get more efficient outcome from every token and a stronger performance per dollar with GPT-6 Astra to realise ambitious goals into business outcomes. Birlasoft brings deep domain expertise across manufacturing, life sciences, energy and utilities, and other industries, combining AI capabilities, digital transformation, cloud, data and analytics, and enterprise applications to address complex business needs.

“By combining OpenAI’s frontier models and capabilities with Birlasoft’s domain expertise, technology capabilities, and understanding of enterprise environments, we aim to continue to enable enterprises embed AI into real-world workflows, drive productivity and innovation, and translate AI investments into measurable business outcomes,” said **Angan Guha, CEO & Managing Director, Birlasoft**.

Birlasoft enables enterprises across industries and geographies in modernizing technology ecosystems, optimizing business processes, and applying AI to complex enterprise environments. Its work includes helping enterprises accelerate digital transformation, enhance operational efficiency, and develop industry-focused solutions tailored to evolving business needs.

These capabilities are delivering measurable outcomes across industries, including:

- **Energy:** GenAI and agentic workflows for preventive maintenance, enabling 20–30% faster asset health acknowledgement.
- **Life Sciences:** Conversational analytics and AI-led regulatory workflows, reducing query response time by up to 85%.
- **Insurance:** AI-led underwriting and document automation, reducing underwriting cycle time by 10–20%.
- **MedTech:** Agentic AI across enterprise workflows, reducing manual effort by 30–40% across 6+ workflows.

Looking ahead, Birlasoft plans to expand its OpenAI-related offerings, invest in talent and enablement, develop new solutions, and scale customer deployments, helping customers translate AI ambition into business outcomes.
