SUB.: Strategic Partnership and Exclusivity Agreement with ACUA Ocean Limited

Ref.: Regulations 30 of the SEBI (Listing Obligations & Disclosures Requirements) Regulations, 2015.

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that C2C Advanced Systems Limited has entered into a **Strategic Partnership and Exclusivity Agreement** with **ACUA Ocean Limited (ACUA)**.

[ACUA](#) is a **United Kingdom** based internationally recognized developer of advanced Unmanned Surface Vessel platforms, autonomy systems, and associated maritime technologies.

The Agreement establishes a strategic framework under which C2C has been appointed as the **exclusive representative** and **coordination partner** for the introduction, promotion, integration, localization, and market development of ACUA's solutions within the Republic of India.

Scope of the Partnership

The scope of this partnership includes:

- Introduction, promotion, business development, integration, localization, licensing, and market development of ACUA's technologies and products in the Republic of India
- Joint engagement with relevant government entities, armed forces, public sector undertakings, regulators, private sector customers and other stakeholders across the government, defence, maritime, offshore, and security sectors

- Support for programme development and execution through localization, system integration, procurement processes, and alignment with **‘Make in India’ and other relevant government procurement & policy frameworks**

Under the terms of the Agreement, all opportunities within the Indian territory involving ACUA’s solutions will be coordinated through C2C during the term of the Agreement.

The commercial structure for specific projects will be determined on a case-by-case basis, in accordance with customer requirements and applicable regulations.

Strategic rationale

This partnership is aligned with C2C’s long-term strategy of enabling **advanced situational awareness, autonomous systems integration**, and technology-driven capability enhancement for defence, maritime security, and industrial applications in India.

The Agreement is valid for an **initial term of two years** and includes provisions relating to exclusivity, confidentiality, intellectual property protection, and regulatory compliance, consistent with international standards.

Programme Outlook

Following the signing of the Partnership and Exclusivity Agreement between C2C and ACUA, several opportunities are currently being pursued with various defence and security agencies for the potential induction of **ACUA’s Pioneer-class Unmanned Surface Vessels (USVs)**.

These initiatives are expected to strengthen the country’s Maritime Domain Awareness (MDA) capabilities by enabling persistent, distributed, and risk-tolerant surveillance across large maritime areas.

In parallel, efforts are underway to identify suitable manufacturing partners in India, with the objective of strengthening the capability to deliver future-ready, interoperable, and scalable indigenous USV solutions, aligned with the Government of India’s Atmanirbhar Bharat Abhiyaan.

C2C will make further disclosures as and when specific material developments arise under this partnership.

The requisite details under Regulation 30 read with Schedule III of the Listing Regulations and SEBI Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated 11th November 2024 are provided in Annexure A.

You are requested to take the above intimation on your record.

Yours faithfully,

For C2C Advanced Systems Limited

Manjeet Singh
