### Annexure-1

S.NO	PARTICULARS	DETAILS
1.	C2C Advanced Systems Unveils MAGI-C4ISR Architectural Framework	<p>C2C Advanced Systems Ltd proudly announces the launch of its cutting-edge platform, the MAGI-C4ISR Architectural Framework, a revolutionary solution for designing and developing next-generation C4ISR (Command, Control, Communications, Computers, Intelligence, Surveillance, and Reconnaissance) systems.</p> <p>The MAGI-C4ISR Architectural Framework replaces fragmented and siloed development environments with a unified, modular, and extensible platform, purpose-built to meet the demands of modern defence, security and industrial operations. It seamlessly integrates sensors, seekers, data processing, and communications within a resilient cyber-secure ecosystem, delivering unmatched operational efficiency and effectiveness.</p> <p>Designed as a multi-domain platform, MAGI-C4ISR empowers organizations with:</p> <ul style="list-style-type: none"><li>• <u>Enhanced Command and Control.</u> Real-time situational awareness and decision support capabilities at every operational level.</li><li>• <u>Reduced Complexity.</u> Streamlined workflows and simplified system architecture to lower the barriers to deployment and integration.</li></ul>

		<ul style="list-style-type: none"> <li>• <u>Accelerated Deployment.</u> Rapid development cycles that minimize time-to-field.</li> <li>• <u>Future-Proof Adaptability.</u> Scalable and flexible design ready to incorporate emerging technologies and evolving mission requirements.</li> </ul> <p>C2C Advanced Systems Ltd has drawn upon over 06 years of innovation and expertise to develop the MAGI-C4ISR Architectural Framework, setting a new benchmark in the C4ISR domain. The architectural platform has already been used effectively by C2C Advanced System to design and develop a number of C4ISR systems and sub-systems, primary among them being Combat Management System (CMS) for Naval frigates. Continual capability enhancement efforts to ensure that our unique architectural framework remains ever-competitive are being pursued vigorously by our team of experts at our Technology Development Centre in Bangalore. This platform represents our unwavering commitment to delivering state-of-the-art solutions that enhance operational readiness and decision-making in dynamic and complex environments of defence, security and industrial domains.</p>
2.	DEFSAT 2024	The representatives of the company delivered a speech on the Futuristic MAGI-C4ISR Platform and Systems in the Era of Asymmetric Warfare at DEFSAT 2024.
