Sub: SSWL revises its quarterly sales volume guidance upwards.

Dear Sir,

SSWL is glad to revise its Q2 consolidated sales volume guidance upwards from 38 Lacs wheels to 39.75 Lacs.

The sales increase is being driven by ramp up of passenger car volumes and a better outlook for the commercial vehicles segment wheels.

SSWL posted its highest ever monthly sales volume in the month of July 2016 which was 12.63 Lac wheels. The company expects to beats this number handsomely in each of the remaining 2 months of this quarter.

Kindly take the same on your record please.

Thanking you.
Yours faithfully,
For Steel Strips Wheels Limited
