Dear Sir/Madam,

Sub: Disclosure of information for Camlin Fine Sciences Limited ("Company").

Based on the preliminary assessment of the latest unaudited consolidated management financial statements of the Group, we would like to inform the impact of the Russia – Ukraine crisis on the Group as under.

The Russia – Ukraine crisis has had an adverse impact on all costs especially raw materials, logistics and power and fuel.

Group's material subsidiary CFS Europe SpA which manufactures Diphenols in Italy, Europe has been severally impacted due to phenomenal increase in power costs, owing to this crisis. The normal average quarterly power cost has increased by 240% in Quarter ended March 31, 2022 which has resulted in an increase in power cost of around Rs. 28 crore in the quarter.

Group has been able to transfer some of the inflationary increase in the costs to its customers by increasing the sale prices but to a certain extent.

However, we expect to have an impact on the consolidated results of the Group for the quarter and financial year ended March 31, 2022.

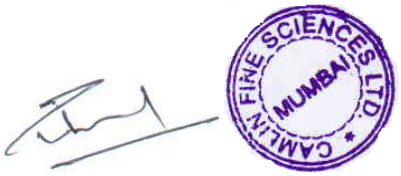
The future impact of the situation is difficult to be assessed at this point, as the situation is unravelling at a fast pace. We are closely monitoring the situation and would initiate appropriate steps on the quantum of production to be undertaken in CFS Europe SpA based on the diphenol prices and increasing power costs, so as to reduce the impact on the results.

The continuance of this situation may lead to some impact on all other manufacturing units of the Group, but we do not expect it to be major. Company is closely reviewing the market environment and is gearing itself up for an immediate mitigation response to the adversity.

As the Company is still in the process of finalising its results for quarter and year ended March 31, 2022 and the actual results thereof may differ from what is disclosed in this intimation. We would be declaring these audited results after its adoption at the forthcoming Board meeting.
This is for your information and record please.

Thanking You,

For **Camlin Fine Sciences Limited**



Rahul Sawale
Company Secretary
