Commenting on the order, **Mr. Sheshadri Srinivas, Chief Executive Officer**, Canarys Automations Limited said “We are honoured to be awarded this prestigious project for developing an Intelligent Urban Flood Early Warning System for Gorakhpur. We have been selected for this project through Tendering method as the suitable company to execute this work and are committed to bring improvements in terms of reductions in flood hotspots by early identification and mitigation measures, paving way to reduction in losses of assets, reduce business downtime and improved common man routine.

This ambitious project aligns with our mission to provide advanced water resources management and flood management solutions, we are confident in our ability to meet and exceed the project objectives.

The Urban Flood Early Warning System is designed to enhance capabilities of flood risk analysis and mitigating short and long term impacts for Gorakhpur Municipal Corporation jurisdiction. Our approach combines cutting-edge knowledge and learning technology, automation, along with fundamental principles of hydrology to achieve the impact analysis.

We will also adhere to any official amendments to the allocated contract with Gorakhpur Municipal Corporation to ensure compliance and project outcome. The project will follow and adopt NDMA urban flood guidelines where necessary when customizing and implementing the flood management systems.”
