# Insurers can't reject claims for lack of documents: Irdai

AATHIRA VARIER  
Mumbai, 11 June

The Insurance Regulatory and Development Authority of India (Irdai) said on Tuesday that no claim shall be rejected by general insurance companies for "want of documents". Insurers have been instructed to collect all necessary documents while issuing policies to customers.

Importantly, the regulator has mandated companies to introduce a product with a policy duration of less than a year, with or without provisions for extension or periodic review based on specified criteria, which may include reported or settled claims.

In its master circular on general insurance products, which takes immediate effect, the regulator specified, "The customer may be required to submit only those documents directly related to claim settlement."

"The necessary documents, such as the claim form, driving licence, permit, fitness certificate, FIR, untraced report, fire brigade report, post-mortem report, books of accounts, stock register, wage register, and repair bills (only in cases where cashless is not available), will be requested at the time of claim settlement," the circular outlined.

The regulator emphasised that insurers cannot reject a claim wholly or partially if the breach of warranty or condition is irrelevant to the nature or circumstances of the loss. Similarly, delays on the policyholder's part cannot serve as

## REASONS FOR REJECTIONS

### Claims rejected in motor segment in FY24 (in %)

Old damages	25
Misrepresentation of facts during policy purchase	40
Incorrect details at time of claim intimation	20
Vehicle repaired without informing insurer	10
Invalid driving licence/RC*	5

### Claims rejected in health segment in FY24 (in %)

Non-submission of documents/duplicate claims	35
Policy T&C	35
Non-disclosure of pre-existing disease	15
Fraud/misrepresentation	15

grounds for rejection unless they result in an increased assessed loss.

Hari Radhakrishnan, a member of the Insurance Brokers Association of India, noted that this move will likely reduce claim rejections, saying, "Every claim requires specific supporting documents. If the insured cannot provide these at the time of settlement, often due to lack of awareness or inability, claims get rejected citing document insufficiency."

In cases of partial loss, insurers have been instructed not to burden retail policyholders with salvage disposal. The insurer assumes responsibility for collecting the salvage amount, while the customer receives the claim amount.

Salvage value represents the amount the damaged asset would fetch in the open market, deducted from the claim amount. To expedite claim settlement, general insurers must assign surveyors through the General Insurance Council's (GIC's) technology (tech)-based solution within 24 hours of a claim report. Surveyors are expected to submit their reports to the company within 15 days.

An insurance surveyor and loss assessor, licensed by the regulator, assess losses when an insurance claim is filed. Upon receipt of the report, the insurer must settle the claim within seven days. Any delays beyond the stipulated timelines would be a violation, subject to penalties.

# Process to select next PNB chief to begin in July

HARSH KUMAR  
New Delhi, 11 June

With the tenure of Punjab National Bank (PNB) Managing Director (MD) and Chief Executive Officer (CEO) Atul Kumar Goel scheduled to end by December 31, the process to select his successor will begin next month, said a senior official.

"The process to select a new MD & CEO of PNB will commence from July. We will start receiving names, and then it will go to the Financial Services Institutions Bureau (FSIB), which will finalise the selection through interviews," said the official. Goel was appointed PNB MD & CEO in 2022.

The FSIB is an autonomous body responsible for making recommendations for appointing senior executives to public sector financial institutions.

Established in 2022, the bureau is headed by former secretary of the Department of Personnel & Training, Bhanu Pratap Sharma, who is its chairman. Secretaries of the Department of Financial Services and the Department of Public Enterprises serve as its members, along with other expert members. The official quoted above also said the process to select executive directors (EDs) for different public sector banks (PSBs) has also started. "So far, we have received over 50 applications. After reviewing the eligibility criteria, we will forward these names to the FSIB for interviews," official added. Last year, the FSIB recommended 16 candidates for the position of EDs in PSBs.

An email query sent to the finance ministry remained unanswered till the time of going to the press.

On an interview for selecting a new State Bank of India (SBI) chairman, which was postponed, the official said it will be conducted soon. "The FSIB has to complete its task," he added.

## RBI rejects Bansal's reappointment as Edelweiss ARC chief

The Reserve Bank of India (RBI) has rejected the reappointment of Raj Kumar Bansal as the managing director and chief executive officer of Edelweiss Asset Reconstruction Company, the firm said on Tuesday. The development followed days after the RBI cracked down on the Edelweiss Group in May, imposing major restrictions on two of its subsidiary firms. The RBI has directed Edelweiss arm, ECI Finance, to stop structured transactions while EARC has been prohibited from "acquisition of financial assets including security receipts (SRs) and reorganising the existing SRs into senior and subordinate tranches."

# IBBI proposes to reduce compliance burden on RPs

RUCHIKA CHITRAVANSHI  
New Delhi, 11 June

The Insolvency and Bankruptcy Board of India (IBBI) has proposed to simplify the forms submitted for the corporate insolvency resolution process (CIRP) by resolution professionals (RPs).

The changes, proposed in a discussion paper released earlier this week, follow the suggestion of the Financial Stability and Development Council (FSDC) to ease compliance burden. The move is to avoid duplication and streamline formalities undertaken by RPs. For instance, the IBBI has proposed to move to a monthly compliance reporting framework where insolvency professionals would report the status and progress of the CIRP as on the last day of every month, by filing the applicable forms by 10th day of the following month.

The timelines for filing CIRP forms are linked to different events, such as the insolvency commencement date, public announcement, appointment of RPs, issue of information memorandum. This leads to due dates for filing of forms falling on different dates for an insolvency professional handling multiple CIRP assignments.

Certain forms, such as the pre-assignment form and CIRP Form-6, which details interim finance, commencement of insolvency resolution process of guarantors of the company, have been proposed to be eliminated by the IBBI. This is being done since relevant details are captured in other forms, the IBBI said. "Excessive supervision and information requests negatively impact the professionals' work and incur time and costs. IPs are overburdened with compliance requirements, including submitting periodical progress reports to NCLTs while managing the CIRP and liquidation processes," said Mukesh Chand, senior counsel, Economic Laws Practice.

The move aims to avoid duplication and streamline formalities undertaken by resolution professionals

# 'DGFT should review Para 2.12 of FTP'

CHATROOM

T N C RAJAGOPALAN

Are we required to pay IGST on reverse charge basis on foreign bank charges recovered by our bank from us on our import/export transactions? The issue regarding whether the foreign banks provide services to the banks in India that put through the transactions on your instructions or whether the foreign banks provide services to you, with the Indian banks acting only as intermediaries is far from settled. The Commissioner of Service Tax, Mumbai had issued Trade Notice no.20/2013-14-ST-1 dated 10-02-2014 clarifying that where the foreign banks

are recovering certain charges for processing of import/export documents regarding remittance of foreign currency, the banks in India would be treated as recipient of service and therefore required to pay Service Tax. Some Tribunal decisions were also on the same lines. However, in the case of State Bank of Bikaner and Jaipur (2021/45) GSTL 293 (Tri.Del)), the Tribunal ruled that the bank is not the recipient of any service given by the foreign bank. The government appeal against this decision to the Supreme Court has been admitted [(2023) 12 Centax 308 (SC)]. My opinion is that even in situations where an intermediary is reimbursed any expenses incurred as 'pure agent', it cannot be said that the principal reimbursing the expenses becomes the recipient of any service that the intermediary procures. So, in my view, the bank should pay the IGST on foreign bank charges and recover the same from you as part of the expenses incurred

as 'pure agent.'

Para 2.12 of FTP says that goods already imported/shipped/arrived, in advance, but not cleared from the Customs may also be cleared against an authorisation issued subsequently. However, we do not understand why this Para requires that such goods already imported/shipped/arrived in advance are first warehoused against bill of entry for warehousing and then cleared for home consumption against an authorisation issued subsequently. Also, the provision that this facility will however be not available to 'restricted' items or items traded through STEs, unless specifically allowed by DGFT is also difficult to understand. Can you please clarify? I do not think the requirement to warehouse the goods before clearance for home consumption makes any sense. Also, I am of the view that the DGFT should review the policy of limiting the facility to allow

clearance of goods imported/shipped/arrived against authorisations issued later only for items that are not restricted or traded through STEs.

One of our subsidiaries abroad has received huge export orders that they cannot execute with their installed capacity. We have several idle machines that they can install and use in their unit. We want to know whether we can export second hand machines on sale basis and whether we have to take care of any particular aspect. Please clarify. You can export second hand machinery at the depreciated value under free shipping. In the export valuation form, you must declare that your export is to a related party and that the relationship has not influenced the price.
