Castrol India expands its Auto Care portfolio with new vehicle Aesthetic Care range

Mumbai, 22 December 2025: Castrol India Limited, a pioneer in automotive and industrial lubricants, has introduced a set of **Aesthetic Care products** as part of its Auto Care offering, aimed at help bike and car owners take better care of vehicles looking their best - inside and out. The new line features **Castrol Ultra Protect Shampoo, Castrol Ultra Protect Wax, Castrol Glass Cleaner and Castrol Dash & Leather Dresser.**

The range is curated for regular care and offer products that clean well, provide lasting protection and shine and keep interiors from fading. With more people choosing to maintain their bikes and cars at home, the launch addresses a clear gap for reliable auto care products that don't require specialised tools or complicated steps.

These new offerings strengthen Castrol's existing Auto Care products, including Castrol Chain Cleaner, Castrol Chain Lube, Castrol 3-in-1 Shiner, Castrol 1-Step Polishing Compound, Castrol Anti-Rust Lubricant Spray, and the most recent addition of the Castrol Helmet Cleaner.

Commenting on the launch, **Kedar Lele, Managing Director, Castrol India**, said, *"This update brings more depth to our Auto Care portfolio. Today's vehicle owners demand solutions that clean and protect at the same time. With these products, we are keeping everyday maintenance simpler while staying true to the quality our customers expect from us. This expansion marks our deliberate step into the wider vehicle maintenance ecosystem."*

The new line includes:

Castrol Ultra Protect Shampoo

A pH-balanced shampoo that ensures it does not strip off the protective layer that regular detergents often damage. Enriched with premium Carnauba wax, it helps maintain the vehicle's colour and gloss, offering a smooth, streak-free and water-repellent finish. The rich foaming action lifts stubborn dirt, dust and road grime, making it suitable for regular washes without compromising the paint's health or shine.

Castrol Ultra Protect Wax

A liquid wax that covers the paint in a protective layer to fight sun damage, dust accumulation, pollution deposits, and water marks. The Carnauba wax base spreads easily, wipes off smoothly and restores the vehicle's premium shine while enhancing surface smoothness.

Castrol Glass Cleaner

A streak-free solution that clears up dirt, oily smudges and fingerprints. It is safe to use on glass as well as the rubber and plastic parts surrounding it and helps improve overall visibility.

Castrol Dash & Leather Dresser

A conditioner for vehicle interiors that is designed for everyday upkeep. It works on vinyl, plastic, leather and rubber. It helps prevent fading, cracking and dullness caused by heat, sunlight and changing weather conditions. It delivers a smooth, non-greasy, natural-looking finish without any sticky residue, making interiors look cleaner and newer for longer.

The Aesthetic Care products will be available soon through auto spare shops, accessory outlets, workshops, and on leading e-commerce platforms including Amazon.
