# Adani Defence to invest ₹2,500-cr in MP missile hub

FE BUREAU  
Mumbai, July 5

**ADANI DEFENCE & AEROSPACE**, the defence and aerospace arm of Adani Enterprises (AEL), on Sunday broke ground on a ₹2,500-crore project in Shivpuri, Madhya Pradesh, to establish South Asia's largest private-sector missile ecosystem.

The foundation stone for the facility was laid in the presence of Madhya Pradesh Chief Minister Mohan Yadav, Union Minister Jyotiraditya Scindia, State Energy Minister Pradyumna Singh Tomar and other officials.

The integrated missile manufacturing ecosystem, which will house composite propellant and Trinitrotoluene (TNT) production facilities at a single location, will create an at-scale capability that is a first for India's private sector, AEL said.

"This facility will help bridge the gap between successful DRDO trials and large-scale production, enabling next-generation missile systems to move into service faster," the company's X post read.

The facility is expected to

Jeet Adani, director, Adani Defence & Aerospace (second left), Karan Adani, MD, Adani Ports & SEZ (third left) with Union Minister Jyotiraditya Scindia (third right) and Madhya Pradesh Chief Minister Mohan Yadav (second right) during the foundation stone laying of South Asia's largest private sector missile ecosystem, in Shivpuri, Madhya Pradesh on Sunday

generate around 5,000 direct and indirect skilled jobs and create new opportunities for micro, small and medium enterprises (MSMEs).

"The project also reinforces Madhya Pradesh's rise as a leading defence manufacturing hub and marks a defining step towards India's long-term defence preparedness and the

vision of an Aatmanirbhar Bharat," it said.

Jeet Adani, director, Adani Defence & Aerospace, said, "This project brings together missile system integration with the production of the materials needed to build advanced missile systems, all at one location, creating South Asia's largest private-sector

missile ecosystem."

Adani said that the group will invest ₹110,000 crore in the state. "This investment will be made in sectors such as pumped hydro storage, cement, mining, logistics, and thermal energy, and the goal is to provide around 120,000 jobs in the state by 2030," he added. (With PTI inputs)

# 'AI creating new biz opportunities'

PRESS TRUST OF INDIA  
New Delhi, July 5

**ARTIFICIAL INTELLIGENCE (AI)** is expanding the scope of engineering work by creating new consumer demands and business opportunities, making it a value-creation tool rather than merely an instrument for cost-cutting, Bosch Global Software Technologies CEO Dattatri Salagame has said.

Salagame said that AI presents India with an opportunity to move from "volume engineering" to "value engineering", helping technology firms deliver higher-impact outcomes.

AI is often viewed only through a technological lens, even though its impact extends far beyond technology, right from social re-engineering of the corporate landscape to fundamentally changing how organisations work, structure teams and lead people, he said.

While automation may impact traditional 'volume engineering', it cre-

ates an opportunity for companies to shift towards 'value engineering' and deliver higher-impact, globally-benchmarked outcomes. "... to break stereotypes of India being low-cost, being the best place to do repeat work, extended workbench, etc... and to move up the value chain and deliver high-impact outcomes which are benchmarked to the global standards, that is an opportunity for us now."

"If you are bogged down only by rationalisation of the workforce, then you miss an opportunity, and hence we are very mindful that we are looking at this as an opportunity to deliver high-impact outcomes for Bosch worldwide, and not look at it as how do I manage my cost structures, or how do I rationalise my workforce. And that's a very exciting space," he said.

He added firms that view AI only through the lens of efficiency and productivity gain, risk missing its larger potential: that of creating new products, services.

## FROM THE FRONT PAGE

# India builds AI fallback amid US export curbs

THE UNCERTAINTY HAS also strengthened the case for accelerating indigenous frontier AI development under the IndiaAI Mission, alongside efforts to deepen partnerships with trusted technology providers abroad. Officials maintain that engagement with Anthropic and the US government will continue, but say domestic capability can no longer remain contingent on external approvals.

Industry experts say India should also seek a more predictable framework for access-

ing strategic AI technologies. "India should not settle for discretionary access. We should ask for allied-tier treatment, or

at least a transparent, trusted-partner framework based on Pax Silica and similar agreements," Nikhil Narendran, part-

ner at Trilegal, told FE.

Jaspreet Bindra, co-founder of AI&Beyond, said the present arrangement risks making access to frontier AI a geopolitical bargaining chip. "Granting access on a case-by-case basis creates uncertainty and weakens the notion of a consistent 'ally' framework. India should advocate for transparent, tier-based eligibility similar to Nato+ or Quad-style technology partnerships rather than discretionary approvals. Otherwise, AI access risks becoming a bilateral bargaining tool,"

he said.

The uncertainty is already influencing enterprise AI adoption. Companies are increasingly evaluating open-weight models such as GLM-5.2 and Qwen, which can run on domestic infrastructure at lower cost while offering greater flexibility for fine-tuning and deployment.

"Models such as GLM-5.2 and Qwen can run significantly cheaper on domestic infrastructure, eliminate recurring API costs, and allow complete fine-tuning. However, the US

may still interpret widespread adoption as a geopolitical signal," Bindra said.

Industry estimates place India as Anthropic's second-largest market by consumption. But experts say the latest restrictions may have effects that outlast the export controls themselves. Enterprises that migrate to alternative models are unlikely to switch back quickly even if access to Myths 5 is restored, as doing so would require fresh performance testing, retraining and regulatory certification.

# Companies brace for wider AI cyber risks

EXECUTIVES SAID THOSE allocations are likely to increase as companies deploy AI applications, migrate more workloads to the cloud and navigate a rapidly evolving threat landscape. Gartner estimates end-user spending on information security in India will reach \$3.4 billion in 2026, up 11.7% from the previous year, with industry estimates pointing to sustained double-digit growth driven by AI adoption, data protection requirements and expanding digital infrastructure.

The growing use of AI is creating new security challenges for enterprises even as cybercriminals use the technology to launch increasingly sophisticated attacks. Companies are now securing AI models, cloud workloads and hybrid IT environments alongside traditional enterprise infrastructure, prompting a rethink of cybersecurity investments.

"The demand for cybersecurity visibility tools is growing rapidly as organisations seek to eliminate the increasing number of blind spots across AI-driven, hybrid IT, and operational technology environments," Chetan Jain, managing director, Inspira Enterprise, said.

The changing threat landscape is also reshaping boardroom conversations. Rather than focusing solely on preventing attacks, company boards are placing greater emphasis on business continuity, recovery capabilities and resilience, recognising that cyber incidents can have direct financial, operational and reputational consequences.

"Cybersecurity has moved from the server room to the boardroom. Boards now see cyber incidents as carrying direct financial, regulatory and reputational consequences, not just IT risk," Sunil Sharma, managing director and vice-president, sales (India & SAARC), Sophos, said.

As a result, organisations are increasingly measuring cybersecurity through business-centric metrics such as incident response readiness, recovery capabilities, Mean Time to Detect and Mean Time to Respond, rather than simply the number of security

tools deployed.

"Cybersecurity is no longer viewed as an IT issue; it is now a business risk and resilience priority. Boards are taking a far more active role as ransomware, AI-powered attacks, regulatory mandates and supply chain risks increasingly impact business continuity and reputation," Dipesh Kaura, country director, India and Saarc, Securionix, said.

The shift is also changing enterprise buying behaviour. Instead of investing in multiple standalone security products, organisations are consolidating spending around integrated, AI-powered platforms that combine prevention, detection and response. Managed detection and response, identity security and cloud security are emerging as some of the fastest-growing investment areas as enterprises seek greater visibility across increasingly complex IT environments.

"The clearest shift is away from buying individual products toward buying integrated, outcome-based platforms. Organisations are consolidating endpoint, network and cloud security with detection and response into unified solutions, rather than managing a patchwork of point tools," said Jaydeep Singh, general manager for India at Kaspersky.

**NOTICE TO THE SHAREHOLDERS OF THE 107th ANNUAL GENERAL MEETING**

**NOTICE** is hereby given that the 107th Annual General Meeting ("107th AGM") of the Company will be held on Monday, July 27, 2026 at 11.30 a.m. IST through Video Conferencing / Other Audio- Visual Means to transact business, as set out in the Notice of the 107th AGM being sent through email.

(i) The Ministry of Corporate Affairs ("MCA") has vide its circular dated September 22, 2025, in continuation of the circulars issued earlier in this regard permitted the holding of "Annual General Meeting (AGM)" through Video Conferencing (VC)/ Other Visual Means (VC/OAVM), without the physical presence of the Members at a common venue and the voting for items to be transacted in the Notice to this Annual General Meeting (AGM) only through electronic voting process ("e-Voting") till further orders. Accordingly, in compliance with the applicable provisions of the Companies Act, 2013 read with the said, the Company has decided to convene its ensuing 107th AGM through VC/OAVM and the shareholders can participate through VC/OAVM.

The Company has engaged the services of Central Depository Services Limited (CDSL) for providing its members the facility of "remote e-voting". The remote e-voting period commences at 9.00 am on July 24, 2026 and ends at 5.00 pm on July 26, 2026.

(ii) Electronic voting shall also be made available by use of remote e-voting system for all those members who are present during the AGM through VC/OAVM but have not cast their votes by availing the remote e-voting system. The remote e-voting module during the AGM shall be disabled by CDSL for voting, 15 minutes after the conclusion of the meeting.

The cut-off date for determining the eligibility of the members for voting through remote e-voting at the 107th AGM is Monday, July 20, 2026. Any person who acquires shares of the Company and becomes a Member of the Company after dispatch of the Notice and holding shares as of the cut-off date i.e July 20, 2026, may obtain the login ID and password by sending a request at [rtat@alankit.com](mailto:rtat@alankit.com). Also, the benpose date for sending the AGM notice has been taken as June 30, 2026.

Members may note that notice of the AGM and Annual Report 2025-26 is also available on Company's website [www.newindia.co.in](http://www.newindia.co.in), websites of Stock Exchanges i.e BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively. Members can attend and participate in the AGM through Video Conferencing / Other Audio-Visual Means (OAVM) facility only. The instructions for joining the AGM are provided in the Notice of the AGM. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under section 103 of the Companies Act, 2013.

In case of any query relating to voting by electronic means, please refer to instructions for e-voting annexed to the AGM Notice available on our website [www.newindia.co.in](http://www.newindia.co.in) or <https://www.evotingindia.com/>.

If your email ID is already registered with the Company/ Depository, login details for e-voting will be sent on your registered email address. Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with Alankit Assignments Limited in case the shares are held by them in physical form.

For any queries/ grievances relating to e-voting, members are requested to contact Alankit Assignments Limited, 205-208, Anarkali Complex, Jhandewalan Extension, New Delhi - 110055, India, Tel. No. 011-42541954, email id: [rtat@alankit.com](mailto:rtat@alankit.com).

The dispatch of "Notice of 107th AGM" to all the shareholders as on the benpose date i.e. 30th June, 2026 has been completed as on 05th July, 2026.

## FROM THE FRONT PAGE

# Paid-up capital of new firms surges

WITHIN THE SERVICES segment, sub-sectors like community, personal & social services, business services (like IT and consulting), trading, transport, storage & communications and real estate reported the maximum number of fresh registrations. "The larger capital base of newly incorporated companies reflects the continued expansion of GCCs in India. Many of these are subsidiaries of multinational corporations or GCCs established by large domestic companies. Their willingness to commit higher initial capital signals a long-term operational intent and growing confidence in India as a strategic business destination," said Ruhi Jain, executive director at CMS INDUSLAW.

The rising capital bases of new firms is also enabled by a trend of promoters entering the market with stronger balance sheets and clearer growth road maps. Many have improved capital access and genuine long-term ambitions, and refuse to settle for small entities. "The trend reflects a maturing corporate and startup ecosystem,

increasingly underpinned by robust fundamentals rather than speculative intent," said Amit Agarwal, senior partner at Nangia & Co.

The LLP segment also sustained its rapid growth trajectory with the number of active LLPs increasing to 0.48 million in FY26, up from 0.39 million in FY25. Despite their rapid expansion, LLPs remain a default choice for smaller partnerships and startups since almost 84% of LLPs registered in FY26 had capital below ₹5 lakh, while the share of LLPs with contributions over ₹1 crore has steadily declined from about 4.1% in FY23 to 3.4% in FY26.

The rising trend of company and LLP registrations and capital outlays by them could reflect robust growth impulses. The West Asia peace deal has reduced concerns over external stability after the prolonged conflict tested India's economic resilience. The end to the conflict has already brightened the growth outlook and also reduced inflation and external deficit risks.

**NOTICE TO THE MEMBERS OF TWENTY-EIGHTH (28<sup>th</sup>) ANNUAL GENERAL MEETING TO BE HELD THROUGH VIDEO CONFERENCING ("VC"/) OTHER AUDIO-VISUAL MEANS ("OAVM"), RECORD DATE AND E-VOTING INFORMATION**

- NOTICE** is hereby given that the Twenty Eighth (28th) Annual General Meeting ("AGM") of the Members of Central Depository Services (India) Limited ("the Company/CDSL") will be held on **Thursday, July 30, 2026 at 11:00 A.M. Indian Standard Time ("IST")** through VC/OAVM facility, without physical presence of the Members of the Company, to transact the business, as set out in the Notice of the AGM, which will be circulated for convening the AGM in compliance with applicable provisions of the Companies Act, 2013 ("the Act") and Rules made thereunder, read with General Circular No. 03/2025 dated September 22, 2025, and No. 20/2020 dated May 05, 2020 and other circulars issued in this respect by Ministry of Corporate Affairs ("MCA") and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") read with circulars issued by SEBI and other applicable circulars issued in this regard. Members can attend the Meeting and participate in the AGM through VC/OAVM facility only. The instructions for joining the AGM and the detailed procedure for e-voting will be provided in the Notice of the AGM. Members attending the Meeting through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
- In compliance with the above circulars, Notice of the AGM and the Integrated Annual Report for the Financial Year 2025-26 will be sent in due course through electronic mode only to those Members of the Company whose email addresses are registered with the Company/Depositories. Members holding shares in dematerialized mode, are requested to register/update their email addresses and mobile numbers with the Company through their Depository Participants.
- A letter providing the weblink for accessing the Integrated Annual Report for the Financial Year 2025-26 will be sent to those Shareholders who have not registered their email IDs with the Company/Depositories.
- The Notice convening the 28<sup>th</sup> AGM and the Integrated Annual Report for Financial Year 2025-26 will also be made available on the website of the Company at [www.cdsindia.com](http://www.cdsindia.com) and on the website of the Stock Exchange i.e. National Stock Exchange of India Limited ("NSE") at [www.nseindia.com](http://www.nseindia.com) and on the website of MUFG Intime India Private Limited (Formerly known as M/S. Link Intime India Private Limited) at <https://in.mgms.mufg.com>. The physical copies of the Notice of the 28th AGM along with the Integrated Annual Report for the Financial Year 2025-26 shall be sent to those Members who request for the same.
- Manner of Casting vote through e-voting:** In compliance with Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI Listing Regulations, the Company will be providing the facility to Members to exercise their right to vote by electronic means ("remote e-voting before the AGM and e-voting during the AGM") on all resolutions set forth in the Notice of the AGM. Detailed procedure for remote e-voting/ e-voting during the AGM will be provided in the Notice of the AGM.
- Manner for registering/updating email address:** In order to receive the Notice and Integrated Annual Report, the Members are requested to register/update their e-mail address with their respective Depository Participants.
- Record date for Dividend and payment thereof:**
  - The Company had fixed Friday, July 17, 2026, as the "Record Date" for the purpose of determining the eligibility of the Members to receive Dividend for the Financial Year 2025-26. Dividend, if declared at the AGM, will be paid within a period of 30 days from the date of declaration of the AGM.
  - In case of Members holding shares in electronic form, bank account details provided by the Depository Participants will be used by the Company for payment of dividend and they are also requested to update their Electronic Bank Mandate with their respective Depository Participant.
  - Payment of dividend will be subject to deduction of tax at source (TDS) at applicable rates. For more details, please refer Notice of AGM.
- For any clarifications or assistance, the Members may contact RTA, MUFG Intime India Private Limited (Formerly known as M/S. Link Intime India Private Limited), at E-mail ID: [rt.helpdesk@in.mgms.mufg.com](mailto:rt.helpdesk@in.mgms.mufg.com) or write to the Company at E-mail ID: [shareholders@cdsindia.com](mailto:shareholders@cdsindia.com).
