Key Highlights – Q2 & H1 FY27

Jupiter Wagons Limited

- **Strategic Entry into the Railway Passenger Segment**
  - Incorporated **Jupiter Rail Mobility Private Limited (JRMPL)**, a new subsidiary to enter into Rail Passenger Transport and engineering industry.
  - Signed an **MoU with Poland-based PESA** to explore opportunities in passenger rolling stock across metro, regional, intercity, semi-high-speed and high-speed rail segments, supporting its integrated mobility ambitions.
- **Sustained Order Inflow for Wagon business**
  - Secured **₹1,140 crore** order from the Ministry of Railways for 2,583 BOXNHL and BOXNS wagons
  - Secured orders worth over **₹450 crore** from GATX India, Chetak International and Balmer Lawrie & Company Limited for supply of ACT2 automobile carrier wagons and BFNS 22.9T wagons.
- **Energy Sector Expansion:**
  - Incorporated **Jupiter Green Power Solutions Private Limited**, a new subsidiary in the energy and power sector marking its entry into the energy segment for deployment of 100 MW / 400 MWh BESS under recently won order from WBSEDCL
  - Won 41 MW/102.5 MWh project in Uttarakhand worth ~**₹100 crore**

Key Highlights – Q2 & H1 FY27

Subsidiaries

- **Jupiter Tatravagonka Railwheel Factory**
  - Entered a landmark strategic partnership with **Lucchini RS (Italy)** to establish India's first fully integrated private-sector railwheel manufacturing platform. The collaboration combines Jupiter Wagons' manufacturing capabilities with Lucchini RS' advanced railwheel technology and engineering expertise, to create a strong export-oriented manufacturing platform.
  - As part of strategic partnership Lucchini along with SIMEST (an Italian Government financial institute) has infused fresh equity of approx. **Rs.290 crore** for acquisition of combined stake of 25% in Jupiter Tatravagonka Railwheel Factory (JTRWF).
- **Jupiter Electric Mobility**
  - Secured **110 MWh of FY27 BESS** orders through MoUs with Chalukya Power and Pickrenew Energy across utility-scale and C&I segments
- **Stone India**
  - Received **RDSO approval for its Freight Brake System**, marking a key milestone in expanding its railway safety product portfolio.
  - **Commercial production commenced** from July 2026, enabling the company to begin supplying freight brake systems to the railway sector.

MD's Message

Commenting on the results, Mr. Vivek Lohia, Managing Director of Jupiter Wagons Ltd., said,

"We delivered a resilient performance in Q2 and H1 FY27, supported by continued progress on diversification initiatives. Our focus on operational efficiencies has helped us improve the margins and deliver profitable growth on a Q-o-Q basis. An important development for the business has been the sharp revival in order inflows in recent weeks and months. We secured an order of ₹1,140 crore from the Ministry of Railways for 2,583 wagons and orders exceeding ₹450 crore from customers like GATX India, Chetak International and Balmer Lawrie for supply of ACT2 automobile carrier wagons and BFNS22.9T wagons. Adding to the visibility is the upcoming 5,800 BOBRN wagon tender, which should elevate the momentum further.

Jupiter Wagons continues to make strong progress in scaling newer business lines and growth engines fortifying its emergence as a diversified and integrated mobility and engineering solutions provider. Beyond our core freight wagon business, we have made strategic entry into the Railway Passenger Segment with incorporation of Jupiter Rail Mobility Private Limited (JRMPL), a new subsidiary to enter Rail Passenger transport and engineering industry. We have entered a MoU with Poland-based PESA to enter the passenger rolling stock segment across metro, regional, intercity and high-speed rail.

On the wheelset business, as part of our strategic partnership with Lucchini RS, we have inducted Lucchini and Simest as equity partner in the wheelset subsidiary, with them collectively holding 25% stake.

Our energy storage business is witnessing encouraging traction, with BESS order book having crossed 500 MWh, valued at over ₹500 crore and we remain focused on achieving our ₹1,000 crore target by FY27.

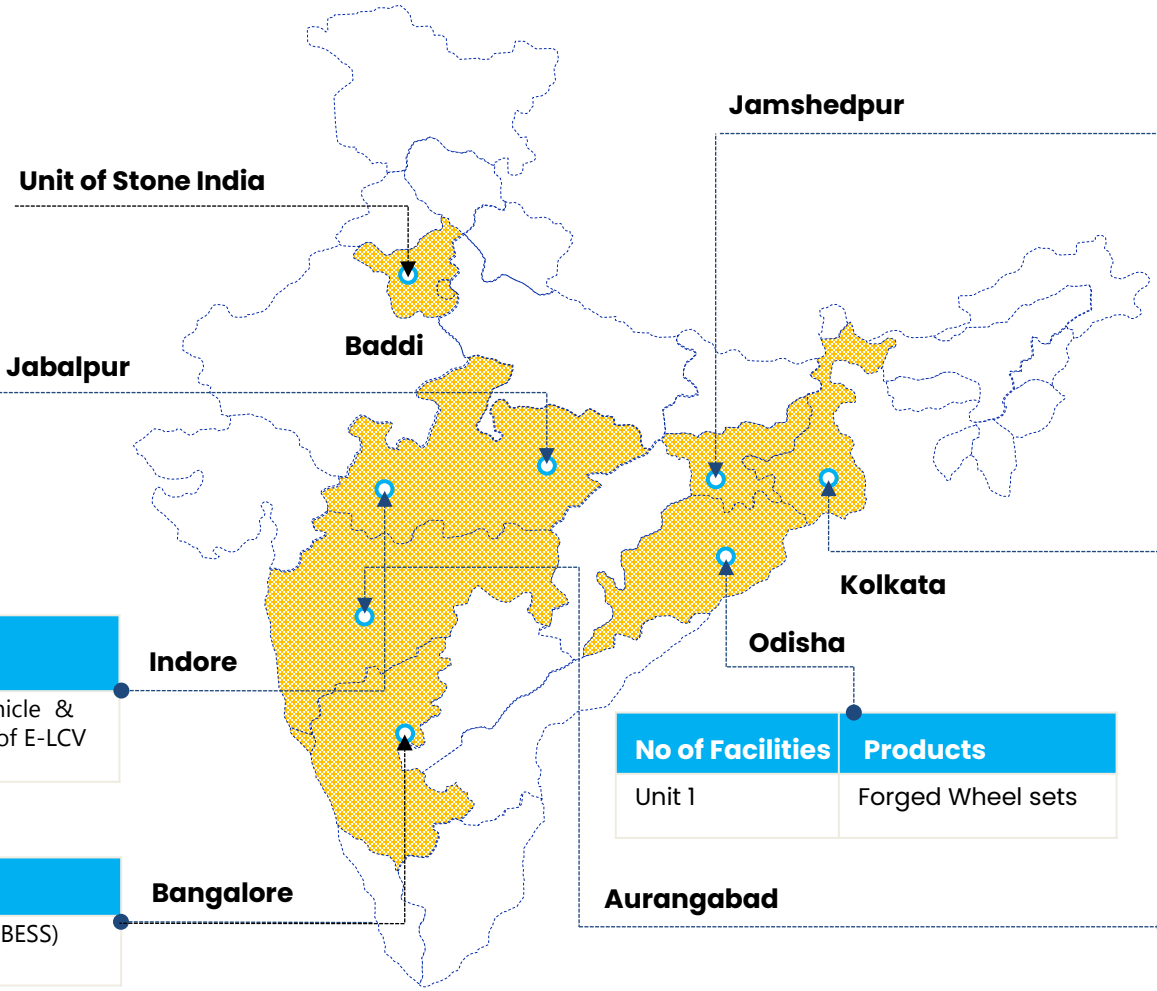

Going forward, our focus remains on converting the growing opportunity pipeline into quality orders, expanding our manufacturing and component capabilities, and scaling our passenger mobility business.

With renewed order momentum, an expanding addressable market and integrated manufacturing capabilities, we are well positioned for our next phase of growth, while remaining committed to disciplined execution, operational excellence and sustainable long-term value creation."

Mr. Vivek Lohia, Managing Director
