**PRESS RELEASE**

**Centum Electronics Limited Secures Prestigious Order from Hindustan Aeronautics Limited for AESA Radar System**

**Bengaluru, India – Feb 24, 2026– Centum Electronics Limited (“Centum”)**, a leading Indian electronics system design and manufacturing company serving the Defence and Aerospace sectors, has received a prestigious order from **Hindustan Aeronautics Limited (HAL)** for the **design and development** of the **Active Electronically Scanned Array (AESA) Radar Systems** for the **Utility Helicopter–Maritime (UH-M)** platform.

This Order marks a significant milestone for Centum and underscores its growing role in the development of advanced, indigenous defence electronics systems.

The AESA Radar System being developed for the UH-M is intended to **detect, classify, and track multiple maritime targets**, thereby enhancing the operational and surveillance capabilities of the helicopter in maritime environments. The current Order pertains to **Phase-1**, covering the **design and development of AESA radar systems** to be delivered over the next two financial years.

Upon successful execution of the Phase-1 order, the programme is expected to progress to **Phase-2**, which envisages the **serial production and supply of AESA radar systems** over a period of **five years**, subject to contractual terms and programme requirements.

**Order Value**

- **Phase-1:**
  - Purchase Order value of **₹66 crore**
  - **Gross value of ₹78 crore**, inclusive of GST
- **Phase-2 (Indicative):**
  - Estimated value of **₹500 crore**
  - **Gross value of approximately ₹590 crore**, inclusive of GST

This AESA radar systems programme represents a significant opportunity for Centum to demonstrate its **system-level design, development, and manufacturing capabilities** in advanced radar and mission-critical defence electronics, while further strengthening its long-standing relationship with HAL.

**About Centum Electronics Limited:**

Centum Electronics Limited is one of India's leading Electronics System Design and Manufacturing (ESDM) companies, serving the **Defence, Aerospace, Space, Industrial, Transportation, and Medical** sectors, with capabilities spanning **concept-to-commissioning** and high-reliability electronics solutions.
