Sub.: Intimation about Cummins Research and Technology India Private Limited (a joint venture company of Cummins India Limited).

Dear Sir/Madam,

Cummins Research and Technology India Private Limited ('CRTI') was formed in 2003 as 50:50 venture between Cummins India Limited ('CIL') and Cummins Inc. USA ('CMI'), with an intent to provide analysis led design only within the Cummins Group.

At the Board Meeting of CIL held on Feb 2, 2016, it is proposed that CIL would run the activity which is carried out by CRTI for CIL, in-house by absorbing the appropriate number of employees from CRTI in CIL. This will further enable CIL to enhance efficiency, optimize the response time, reduce the administrative procedures, and avoid duplication of efforts. In short, there will be simplicity in running the same activities in a more effective manner. On completion of absorption of appropriate number of employees, CIL would exit from the operations of CRTI and its shareholding.

Kindly take this submission on your record.

Thanking you, we are,

Yours truly,
For Cummins India Limited,

K. Venkata Ramana
Group Vice President – Legal & Company Secretary
