## Classic Electrodes (India) Ltd – Post-IPO Business Update

The Management of Classic Electrodes (India) Ltd is pleased to share a strong business update post our successful IPO:

### **Revenue Growth:**

From 1st April 2025 to 31st August 2025, the company recorded a remarkable 19% growth in revenue, compared to the same period in the previous year. This demonstrates our strong market position and sustained momentum.

### **New Product Launch – Flux Cored Wire:**

We are proud to announce the successful commencement of commercial production of Flux Cored Wire, now a part of our product portfolio. This strategic addition is expected to significantly strengthen top line growth and expand our market reach.

### **Operating Margin Expansion:**

With improved efficiencies and product mix, the company expects an expansion of 60-75 basis points in operating margin, further boosting profitability and creating sustainable value.

### **Future Outlook:**

The Management remains confident of surpassing the 30% estimated growth for the current financial year, driven by this new product introduction, margin expansion, and sustained demand in the welding consumables sector.

### **Gratitude to Stakeholders:**

We sincerely thank all our stakeholders, investors, and partners for their continued trust and support. Together, we are building a stronger Classic Electrodes – shaping the future of welding solutions.
