Sub: Response to the clarifications sought on August 21, 2025 in reference to the news item dated August 21, 2025 titled “Clean Science stock sees heavy volumes following ‘punching error’ during block trade” published by the moneycontrol.com.

Dear Sir/Madam,

This is in reference to your emails dated August 21, 2025 in connection with the captioned news items and in furtherance of our obligations under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In this regard, we have been informed by the relevant promoters (i.e. Mr. Ashok Boob, Mr. Krishnakumar Boob and Mr. Parth Maheshwari, along with their promoter group members, hereinafter referred as “**Sellers**”) that, in keeping with the intimation provided to the exchanges on July 17, 2025, they sought to sell up to ~24% shareholding in the Company earlier today through certain brokers, including Spark Institutional Equities Private Limited (“**SIEPL**”). However, SIEPL has informed the Sellers that on account of an error at SIEPL’s end, the sell orders were for a significantly higher number of shares than what SIEPL was authorised and instructed to sell for and on behalf of the Sellers. We have been given to understand that SIEPL has/is taking immediate remedial steps to review the situation and address the matter responsibly. The Sellers have confirmed that actual sale is limited to up to ~24%. The Sellers are awaiting a detailed explanation from SIEPL of the reasons and the remedial steps taken by it.

Please note that besides the aforesaid, the Company is not aware of any other information/event which may have a bearing on price/volume behaviour in scrip. The Company has regularly provided intimations regarding all events, information, etc. that may have a bearing on the operation and performance of the Company, including all price sensitive information, in a timely manner.

We request you to take this information on record. We will be happy to provide you with any other information/ clarifications that you may require.

Thanking you.

For Clean Science and Technology Limited
