Company Secretary

Encl: As above.

CMC Recognized on World CSR Day

Mumbai, February 19, 2013: CMC Limited, a leading systems engineering and integration company, and a subsidiary of Tata Consultancy Services Limited, was honored with two awards at the Global CSR Excellence and Leadership Awards presented by ETNOW on Blue Dart World Corporate Social Responsibility Day on Feb 18, 2013. CMC received awards under the categories: Community Development and Carbon Footprint Accounting and Management.

CMC has aligned its Corporate Sustainability initiatives in line with the current and future core competency areas, ensuring a value-oriented approach that integrates business with the three pillars of sustainability (economic, environmental and social). CMC continues to focus on IT enablement in areas that can make a significant impact on the masses, at large. CMC's ePragati—empowering emerging India initiative, provides tier 2-3 cities with opportunities for growth. CMC is directly contributing to community upliftment through its CSR initiatives in education and employability, by supporting schools in backward areas through basic infrastructure, student scholarships and tuition, and teacher training programs. CMC has extended its Job-enabled programs to youth from backward sections of society, to provide them opportunities for careers in IT.

Commenting on this achievement, R Ramanan, MD & CEO, CMC Limited said, "CMC has always strived to enable and ensure sustainability in its business. Our approach has been towards responsible and inclusive business growth, which aids development of local communities and also negates any environmental impact. It is a moment of great pride for us that we have been recognized for our efforts in both these aspects of Community Development and Carbon Footprint Accounting and Management. Our journey has just begun; the enthusiasm and drive among CMC Management and staff will enable us take this forward with renewed vigor: to leave a more enduring impact on the local communities, environment and society, at large."

About CMC Limited:

Incorporated in 1975, CMC Ltd is a leading System Engineering and Integration company in India and is a subsidiary of Tata Consultancy Services Limited, Asia's largest software Company. Operating out of 18 offices and 180 service locations in the country, CMC employs over 12,000 people and has a wholly owned subsidiary in USA called CMC Americas, Inc.

CMC's vision is to operate globally and bring the benefit of Information Technology to improve the productivity of its customers and the quality of its customer's products and services. CMC combines horizontal expertise in Information Technology with its vertical experience developed by working in a wide range of Industries.

A **TATA** Enterprise
