Sub: Strike Notice.

Dear Sir,

We are very much worried and express our concern on the decision of the Government for further disinvestment of 10% of CIL's share and its pursuit for splitting Coal India Ltd. into number of independent companies in the name of restructuring. We have several times communicated to you about our opposition to this further disinvestment of CIL's share, restructuring and non implementation of a number of items including increase of pension and post retirement Medical benefits covered by NCWA-DX which still remain unimplemented. In the last occasion at the time of first phase of 10 % disinvestment on 2010 the Government through their written communication assured the operating unions that there will not be any further disinvestment of share during the tenure of UPA-II government.

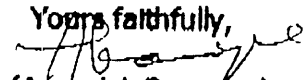

But violating the earlier commitment you are still pursuing the matter for further disinvestment. Central trade unions operating in coal industry have already lodged protest against this decision of disinvestment and restructuring and requested the government to refrain from carrying out the same.

But the Govt. of India has given an alternative proposal to disinvest at this stage to the extent of 5% instead of original proposal of 10% further.

All India Coal Workers' Federation (CITU) does not agree with the Govt. of India's above proposal and demands that no further disinvestment of CIL's share should be disinvested. Federation therefore, urges that Govt. should refrain from disinvesting even 1% share of CIL further and restructuring of Coal India Ltd. Federation also demands that non implemented issues should be implemented immediately; Otherwise Coal Workers and our Federation will be compelled to intensify the struggle including three days strike in CIL and its all subsidiaries commencing from 19th. Sept. '2013' to resist this further disinvestment of CIL's share and restructuring of Coal Industry and to get non implemented issues implemented.
