## **Coforge Named a Leader in Everest Group's Enterprise Quality Engineering (QE) Services PEAK Matrix® Assessment 2025**

**Greater Noida, December 5, 2025:** [Coforge Limited](#) (NSE: COFORGE), a global digital services and solutions provider, announced it has been recognized as a Leader in the prestigious Everest Group Enterprise Quality Engineering (QE) Services PEAK Matrix® Assessment 2025. This recognition highlights Coforge's strong market presence, comprehensive QE capabilities, and sustained investments in AI-driven quality engineering transformation.

The 2025 PEAK Matrix® assessment evaluated 52 global QE service providers, identifying leaders based on vision, engineering maturity, advanced automation capabilities, and consistent value delivery across industries. Coforge's placement reflects its expanding enterprise QE footprint and its ability to support clients through platform-led, AI-infused engineering services.

Everest Group highlights several core strengths that reinforce Coforge's position as a Leader in the 2025 Enterprise Quality Engineering (QE) Services PEAK Matrix®. These include a comprehensive QE portfolio spanning functional, non-functional, automation, and advisory-led testing, supported by deep industry expertise across BFS, Insurance, Retail/CPG, Travel, Transportation, and other regulated sectors. The assessment also highlights Coforge's strong focus on platform-led innovation, driven by proprietary solutions such as [BlueSwan](#)® that accelerate automation, expand test coverage, embed intelligence and improve test lifecycle efficiencies. These capabilities along with the domain expertise further demonstrate Coforge's ability to consistently deliver high-quality engineering outcomes for global enterprises. As a result, Coforge has also recorded one of the highest Y-o-Y QE revenue increases, among all assessed providers, reflecting rising demand for engineering-led digital transformation.

"Coforge's ability to deliver end-to-end quality engineering across advisory, functional and non-functional testing, combined with its strong presence in highly regulated and complex markets, and its growing focus on AI-driven QE, positions it as a comprehensive assurance partner," says **Ankit Nath, Practice Director at Everest Group**. "It's proven use-case evidence in BFSI, RCPG, and travel and transport sectors and the application of proprietary as BlueSwan solutions demonstrate the depth behind this positioning and underpin its recognition as a Leader in Everest Group's Enterprise Quality Engineering (QE) Services PEAK Matrix® Assessment 2025."

**Sudhir Singh, CEO & Executive Director, Coforge said**, "Quality Engineering remains a cornerstone of our growth strategy, enabling us to deliver robust, scalable, and reliable digital solutions for our clients worldwide. Our strong revenue growth and expanding deal pipeline are a testament to the increasing demand for engineering-led transformation that prioritizes quality and testing at every stage of the software lifecycle. Through continuous innovation in intelligent automation and platform-driven testing, we are helping enterprises accelerate time-to-market while ensuring high performance and resilience in their digital ecosystems."

**Raghu Krovvidy, EVP, Quality Engineering, Coforge said**, "At Coforge, we're honoured to be recognized as a Leader in Everest Group's Enterprise Quality Engineering Services PEAK Matrix Assessment 2025. This recognition is a testament to our team's unwavering commitment to delivering high-quality, AI-driven engineering solutions that drive real business impact for our clients. Quality Engineering is evolving rapidly, and Coforge is leading this transformation with AI-infused IP-led solutions like [BlueSwan](#)®. Our focus on innovation, automation, and domain expertise enables us to deliver accelerated delivery, enhanced quality, and measurable outcomes. We're proud to be a trusted Quality Engineering partner for our clients, and we look forward to continuing to drive innovation and excellence in quality engineering."
