Coforge and Chippenham RFC Partner to Support Rugby, Cricket and Community Development

Partnership will help widen participation, nurture local talent and create opportunities for people across the community

London, UK | Greater Noida, India | October 28, 2026 – Coforge Limited (NSE: COFORGE), a global AI-native engineering services leader, and **Chippenham Rugby Football Club** (RFC) announced a community partnership to support local talent and participation in rugby and cricket, while contributing to the wider community. The partnership was formally launched at Chippenham RFC's home at Allington Fields with representatives from Coforge, Chippenham RFC and invited stakeholders.

Under the theme **"Raising Our Game. Together."**, the partnership brings together two organisations committed to investing in people and enabling long-term development. Coforge will support Chippenham RFC's community role across rugby and cricket, including its work to encourage participation, nurture talent and create opportunities for people of different ages and abilities.

Founded in 1898, Chippenham RFC is a member-run community club with more than 1,000 members and the support of over 100 volunteers. Its programmes span senior men's and women's rugby, junior, girls' and mini rugby, as well as mixed ability touch and walking rugby. The club also supports cricket at its 22-acre Allington Fields site, which includes a cricket ground and pavilion alongside rugby pitches, training areas, an all-weather multi-sports pitch and clubhouse facilities.

Beyond sport, Chippenham RFC works with local schools and community organisations to encourage participation and support development. Its long-running activities include the Chippenham Schools Tag Rugby Festival, which has previously brought together more than 200 local pupils. The club has also helped developed over 60 players who have represented their countries at full international, student or schools level.

"At Coforge, we believe that lasting progress begins with investing in people and creating opportunities for them to grow. Chippenham RFC has built a strong community platform that nurtures local talent, encourages participation and helps individuals develop confidence, teamwork and life skills," said John Speight, Executive Director & President and UK and Europe Geo Business Leader, Coforge. "Through this partnership, we look forward to supporting the club's work across rugby and cricket and contributing to the continued development of the local community, both on and off the field."

"We are delighted to welcome Coforge as our Community Partner. Their commitment to developing people and creating meaningful opportunities closely reflects the values and philosophy of our club," said Kevin Thornton, Chairman, Chippenham RFC. "This partnership will support our continued efforts to widen participation, nurture local talent and strengthen the positive contribution we make across the community."

As part of the partnership, Chippenham RFC's senior rugby team will wear Coforge-branded shirts in home and away matches from October 31, 2026. The association will also create opportunities for

community participation, client and stakeholder engagement, and collaborative activities at the club throughout the year.

About Coforge

Coforge is an AI-native engineering services leader, where AI is the very foundation of how we design, build, and deliver intelligent solutions for our clients. We use AI and hyperspecialized industry expertise to engineer autonomous enterprises. We combine AI agents with our AI-enabled workforce, including specialized FDEs in hybrid pod-based delivery units. With a deep focus on trusted AI, our solutions are secure, governed, and enterprise-grade. We are outcome-led by design. Moving beyond AI experimentation, we deliver measurable business outcomes—lower operating costs, faster cycle times, higher conversion rates, and sustained margin growth.
