● SLAMS PAKISTAN AT GLOBAL FORUM

Nuclear weapons not routine instruments of statecraft: India

Says New Delhi will never bow to nuclear blackmail

PRESS TRUST OF INDIA
United Nations, October 10

INDIA HITS OUT at Pakistan at the United Nations, saying nuclear weapons must not be treated as “routine instruments of statecraft”, asserting that New Delhi will “not bow” to nuclear blackmail.

India exercised its Right of Reply at the plenary meeting of the First Committee of the UN General Assembly Friday that deals with Disarmament and International Security issues. Delivering India's Right of Reply, after remarks made by Pakistan raked the issue of Jammu and Kashmir, Senior Adviser (Disarmament) at the Permanent Mission of India to the Conference on Disarmament, Geneva, Anmol Sher Singh Bedi said Jammu and Kashmir is an integral part of India. “We call for India's illegally occupied territories to be vacated and returned,” he said adding that India does not seek conflict. “India has always stood for peace and continues to seek peace with one and with all. However, if there is no

DRAWING CLEAR LINES

■ India exercised its Right of Reply at the plenary meeting of the First Committee of the UNGA that deals with disarmament and security

■ The country underlined that India's capabilities are defensive in nature

accountability for reckless actions, then peace rarely becomes a pause between crises,” he said. He underlined that India's capabilities are defensive in nature and are shaped by the country's own security environment.

“We heard concerns about escalation. These are legitimate concerns. However, these are best judged by conduct over time. Nuclear weapons must not be treated as routine instruments of statecraft,” he said. Referring to Pakistan's tactics, he said that in India's experience, crises in the region have tended to follow a “recurring pattern: first, provocation;

second, denial of responsibility; and third, appeals for restraint once a response has been made.” The use of force by states under the garb of non-state actors does not erase the state's responsibility. India's right of self-defense remains intact,” he said.

India underlined that it has drawn three clear lines. “First, any terrorist attack against India will receive a fitting response. Second, India will not bow to nuclear blackmail. Third, India will make no distinction between those who sponsor terrorism and those who mastermind it,” Bedi said. He told the Committee that

India's actions in May last year followed a “grave provocation” and the country acted in self-defence after the Pahalgam terror attack, in which 26 civilians were killed.

India also slammed Pakistan saying it is “regrettable” that Islamabad continues to abuse the platform of the world organisation by peddling lies and falsehoods about the Indian Union Territory of Jammu and Kashmir. “It is regrettable that Pakistan continues to abuse this august forum by peddling lies and falsehoods about the Jammu and Kashmir,” Member of Parliament Mahima Kumari Mewar said.

Missile strikes passenger terminal at Riyadh airport

ASSOCIATED PRESS
Cairo, October 10

THE AIRPORT IN the Saudi Arabian capital, Riyadh, was attacked again on Saturday and evacuated, two regional officials said, two days after three Saudi citizens including a pilot were killed as the kingdom faces an extraordinary series of assaults in the new front in the Iran war. A missile struck a passenger terminal and many people were wounded, one of the officials said. They spoke on condition of anonymity because they weren't authorised to speak to the media. Ambulances were seen rushing toward the airport.

Flights to Riyadh diverted elsewhere, the Flightrader24 tracker said, almost four hours after the last flight landed at 2:05 pm Kuwait Airways said it was cancelling flights because the airport had closed.

Canada's embassy advised citizens to avoid all travel to the airport, noting “ongoing military activity.”

King Khalid International Airport has been targeted multiple times in the week since a Saudi-led coalition launched a major military offensive against Iran-backed Houthi rebels in neighbouring Yemen. The Houthis claimed responsibility for the earlier attacks, including one Wednesday that killed a Sudanese national.

A Riyadh resident, Ahmed Sayed, told *The Associated Press* he heard at least two loud explosions that rocked the capital.

India's anti-terror agency to probe flydubai attack

PRESS TRUST OF INDIA
New Delhi, October 10

ANTI-TERROR AGENCY NIA has registered a case to probe and unearth the larger conspiracy behind last month's mid-air attack on Captain Smit Machchhar inside the cockpit of an Israel-bound flydubai flight, officials said on Saturday.

It was reported that on September 30, 2026, the Omani first officer of flydubai flight no 1073 stabbed the Indian pilot, Captain Machchhar, mid-air “in an apparent attempt to hijack or cause it to crash,” according to the First Information Report (FIR) filed by the National Investigation Agency (NIA) on October 9. The FIR mentions the “Omani first officer” as the

■ The case was filed on the direction of the Home Ministry, considering the gravity of the offence

accused. The NIA has invoked Section 3 (hijacking) of the Anti Hijacking Act, 2016 and Section 16 read with Section 15(1)(a) of the Unlawful Activities (Prevention) Act, 1967, officials said. Machchhar sustained criti-

cal injuries after he was stabbed by the Omani co-pilot inside the cockpit of the flydubai flight heading from Dubai to Tel Aviv. The incident occurred in the “Saudi airspace while flying near the Jordan-Saudi Arabia border.” The case was filed on the direction of the Home Ministry, considering the gravity of the offence and the need to unearth the larger conspiracy, the officials said.

“The central government has received information that flydubai flight no 1073, which was being piloted by Indian national pilot Captain Smit Machchhar and an Omani first officer, departed from Dubai on September 30, 2026 at 7.05 am with 174 passengers and six crew members,” they said.

EU, China strike interim deal to ease trade tensions

ASSOCIATED PRESS
October 10

THE TOP TRADE envoys for China and the European Union agreed Friday on a broad initial deal following two days of talks aimed at calming escalating tensions over trade imbalances, the EU trade commissioner said.

Neither side provided clear details on the preliminary deal, but European Commissioner for Trade Maros Sefcovic said it includes lower tariffs for some European goods to China as well

The deal could cut up to 50% of Chinese electric and plug-in hybrid vehicle imports to the EU

as measures to stabilise rare earth supply chains.

The EU trade envoy said the deal could cut up to 50% of Chinese electric and plug-in hybrid vehicle imports to the EU and could lower tariffs on products benefiting “almost every” EU nation. The deal would require

approval from leaders across the 27-nation EU. Sefcovic said that “by this step we are actually preventing several millions of car exports from China to the European Union.”

The two sides were seeking to resolve key factors behind China's growing trade surplus, which hit 360 billion euros (\$403 billion) last year. China's Commerce Ministry posted online that Chinese Commerce Minister Wang Wentao expressed concerns about the EU's recent restrictive measures.

Anthropic reveals more incidents of its Claude AI model going rogue

BLOOMBERG
October 10

ANTHROPIC PBC SAID its Claude AI model carried out additional unintended actions on the digital systems of outside organisations, including submitting a false tip in a police homicide case, prompting a warning from the Trump administration for artificial intelligence companies to secure their systems.

In a report outlining previously undisclosed incidents, Anthropic listed four types of unintended behaviours that the AI has demonstrated, including exploiting basic flaws in software to run commands, submitting forms it should not have and bypassing restrictions to access certain public data. In one example of the improper behaviour it found, Anthropic said its Claude Haiku 4.5 model submitted a tip to a local police department about a homicide, stating in the form, “I may have

FLAWED SOFTWARE

■ Anthropic has listed four types of unintended behaviours that the AI has demonstrated, including exploiting basic flaws in software

■ Anthropic's AI agents also submitted 20 visa applications through a form available on the State Department's website

information regarding this case,” and “I recall seeing someone matching the description in the area,” without filling in the site's name and contact fields. The Philadelphia Police Department disclosed the incident in a release, the company said. Anthropic's AI agents also submitted 20 visa applications through a form available on the State Department's website. The *New York Times* reported. All the applications were incomplete and weren't processed, accord-

ing to the newspaper. Anthropic and its rival, OpenAI, have disclosed a spate of incidents in recent months involving their AI models acting in unintended ways, ranging from behaviours like those described in Friday's report, to hacks of third-party websites. These disclosures have fueled concerns about the security risks of cutting-edge AI. The company said that some of the new cases involved websites run by government agencies at the federal, state and

local levels, without specifying the agencies.

The report did not name the outside entities involved, which Anthropic said was at the request of some of the affected parties. Anthropic said in the report that it sees the behaviour as less severe than some other previous incidents involving its AI. “The cases we've identified to date in these categories had minimal real-world impact,” it wrote. Anthropic also said it briefed the White House on these cases and notified each agency involved. On Friday, Trump administration said they were now requiring that AI companies notify affected parties and address security incidents involving their models. “Earlier today, Anthropic contacted the SI Force to disclose the details of various prior incidents that it discovered in September involving the unauthorised and fraudulent use of government and other systems,” the White House said.

Protests erupt across the city as Delhi Police seal off Jantar Mantar

EXPRESS NEWS SERVICE
New Delhi, October 10

WITH SECURITY FORCES turning Jantar Mantar, the announced site of the Cockroach Janta Party's (CJP's) sit-in, into a fortress, protesters scattered across Delhi on Saturday, staging flash demonstrations at multiple locations.

Barricades, mass detentions and travel restrictions prevented protesters from reaching Jantar Mantar. With senior CJP leaders detained in the morning, demonstrators regrouped in smaller batches across the Capital.

Around 1 pm, All India Students' Association president Neha Bora, accompanied by senior advocate Prashant Bhushan, activist Yogendra Yadav and other student leaders, marched from INA towards Jantar Mantar. Carrying posters demanding Chief Election Commissioner Gyanesh Kumar's removal and the scrapping of the Special Intensive Revision exercise, they were stopped near INA Market-Dilli Haat and detained. Officials said around 200 protesters were detained there by 6.30 pm. The Safdarjung flyover became another flashpoint. Around 50 people gathered at 3 pm, shouting, “Gyanesh Kumar must resign.” They detained Neha and CJP leader Abhijeet Dipke and thought it would break our morale. But it will not,” said Atul, a Hindu College student. Police cleared the flyover by 3.30 pm.

In Connaught Place, around 150 people assembled at the Outer Circle, but most were detained within minutes.

Two flash protests by SPI activists marked the day's action near Jantar Mantar. Around 1 pm, nearly 50 supporters breached barricades near the PTI office on Sansad Marg. Police resorted to a lathicharge and detained around 30 protesters. At 2.45 pm, another group of about 100 marched from Gole Market towards Jantar Mantar, clashing with CRPF personnel.

1. Police detaining protesters near Baba Kharak Singh Marg during the protest. 2. TMC chief Mamata Banerjee stages a dharna near Sansad Marg. 3. Aam Aadmi Party (AAP) National Convenor Arvind Kejriwal being carried off by the Delhi Police. 4. A deserted view of the Jantar Mantar area amid tight security arrangements for the CJP protest, in New Delhi on Saturday.
