Boost credit flow to allied agri activities: FM to RRBs

HARSH KUMAR
New Delhi, 29 November

Union Finance Minister Nirmala Sitharaman on Friday directed regional rural banks (RRBs) to increase their share in ground-level agriculture credit disbursement with special focus on allied agricultural activities like dairy, animal husbandry, fisheries. Sitharaman chaired a meeting to review the performance of eight RRBs of the eastern region covering the four states of Bihar, Jharkhand, Odisha, and West Bengal in Patna.

She also directed Uttar Bihar Gramin Bank to increase credit flow to fisheries and foxnut (makhana) to realise the full potential of these activities in the region.

"RRB review meeting focused on business performance, upgrading digital technology services and fostering business growth in activities allied to agriculture and micro and small industry. Given the crucial role of RRBs in supporting the rural economy, the Union Finance Minister urged RRBs — with the active support of

Finance Minister Nirmala Sitharaman said PM Narendra Modi is of the view that women will steer economic growth in the country

their sponsor banks — to increase credit disbursement under various government flagship schemes such as Mudra, PM Vishwakarma, etc," said a statement released by the finance ministry.

The Union minister also noted

improvement in financial parameters of these RRBs. Samrat Choudhary, deputy chief minister of Bihar; M Naqarulla, Secretary, Department of Financial Services (DFS), chairpersons of RRBs and sponsor banks were also present during the meeting.

Additional Secretary, DFS, representatives of Nabard and Sidbi and senior officers of participating states also attended the meeting.

RRBs in the eastern region have posted consolidated profit of ₹625 crore during FY24 against net loss of ₹600 crore in FY23. Consolidated Capital to Risk (Weighted) Assets Ratio (CRAAR) has improved from 78 per cent in FY23 to 9.4 per cent in FY24 and Gross Non-Performing Assets (GNPA) has improved from 25 per cent in FY23 to 15 per cent in FY24.

In another event held in the north Bihar town of Darbhanga, the PM asserted that Prime Minister Narendra Modi is of the view that women should steer economic growth in the country, which was on its way to becoming the third largest economy in the world.

Both Houses adjourned for fourth day amid Opposition protest

Both the houses of Parliament were adjourned for the fourth straight day on Friday amid protests by Opposition members over violence in Uttar Pradesh's Sambhal and the Adani controversy. The sessions in both Houses will now reconvene next week on December 2. The sessions in the Lok Sabha and Rajya Sabha began as usual at 11 am. Opposition MPs in both the houses raised their voices for discussions on the violence in Sambhal and Adani allegations against the Adani group, and the violence in Manipur and Sambhal. Rajya Sabha Chairman Jagdeep Dhanraj said adjournment notices under Rule 267 of the House were being "weaponised" as a mechanism of disruption before adjourning the proceedings till Monday.

DAP fertiliser availability at 3.41 mt exceeds 3.16 mt demand

The total availability of Di-ammonium phosphate (DAP), a key fertiliser, in the country has risen to 3.41 million tonnes (mt) against the requirement of 3.16 mt during October-November 24 period of this fiscal season, the government said on Friday. Minister of State for Chemicals and Fertilisers Anupriya Patel said: "The gap between demand and (requirement) and production of fertilizers is met through imports."

Doctor-population ratio better than WHO standard: Nadda

The doctor-population ratio is 1811 in the country which is better than the WHO standard of 1,000. Union Health Minister J N Nadda informed the Lok Sabha on Friday. According to the information provided by the National Medical Commission (NMC), there are 13,86,145 allopathic doctors registered with the State Medical Councils and the National Medical Commission (NMC) as on November, 2024, he said.

FROM PAGE 1

Fiscal deficit in Oct at 46.5% of full-yr target

Government officials have indicated that the Centre may relax cash management guidelines for the last quarter (January-March) of FY25 to allow lagging departments and ministries to utilise their allocated capital expenditure (capex) for the financial year.

Currently, the guidelines stipulate ministries to not exceed 33 per cent of their Budget Estimates for the March quarter and 15 per cent of the last month of a financial year.

Currently, the guidelines require ministries to limit their expenditures to no more than 33 per cent of their Budget Estimates for the March quarter and 15 per cent for the last

month of the financial year. CGA data showed the central government exhausted 46.5 per cent of its fiscal deficit target for FY25 during the April-October period compared to 45 per cent during the same period a year ago.

"I do feel that the government is likely to miss the target of ₹11.1 trillion capital expenditure in the current financial year, and said the unexpected contraction in capex could possibly have been due to the ongoing festival season.

"To meet the FY2025 target, the government needs to incur a capex of ₹1.3 trillion per month during November-March FY2025, which entails a

claiming year-on-year (YoY) expansion of 61 per cent. The anticipated miss in the target is expected to offset any shortfall on account of disinvestment and taxes," said Aditya Nayyar, chief economist, ICGRA Limited.

The government has set a fiscal deficit target of 4.9 per cent of GDP for the current financial year. The total revenue receipts stood at 54.5 per cent of the budget estimates during April-October period compared to 59.6 per cent in the corresponding period last year. Of this, the net tax revenue was 50.5 per cent of the budget estimates as against 56 per cent last year during the same period.

The net tax revenues for April-October 2025 rose by 0.2 per cent over the YoY on account of additional devolution of taxes while non-tax revenues expanded by 50 per cent boosted by the RBI dividend.

Revenue expenditure grew by 8.7 per cent for the April-October FY2025 period.

Gross tax collections rose by 1.6 per cent on a Yo-Y basis in October 2024. While corporate tax collections rose by just 1.2 per cent Yo-Y in April-October FY2025, income tax collections have expanded by a much higher 20.2 per cent. Experts said these trends may have been partly distorted by the timing of refunds.

Black Friday sale: Online players also see traction

Pepe Jeans, which started its Black Friday sale online a day early, has seen a 35 per cent sales jump. "We expect offline sales to pick up as well and anticipate 20 per cent growth over last year's Black Friday weekend," said Manish Kapoor, CEO of Pepe Jeans India.

Similarly, V-Mart, a regional retail chain, is reaping the benefits of rising consumer interest in the event. Having launched its Black Friday sales in southern India only last year, the retailer forecasts high single-digit growth this year. "Wedding and winter clothing demand is strong, and overall consumer sentiment is better compared to last year," noted the company's managing director, Imit Agarwal. He added that V-Mart stores in South India are offering BOGO and many other schemes to attract shoppers over the next three days. Online players aren't sitting this one out either. Mykras has seen strong traction across categories, including beauty products, winter wear, and luxury brands. "With the onset of winter, winter wear has been popular, and travel accessories have also seen a surge in demand as customers prepare fashion-forward looks for the holiday season," said a company spokesperson. Brands including L'Oréal, Mango, Trendyol, and Puma are also among customer favourites. We

Construction sector growth remains a drag at 7.7%

Nominal GDP growth in the second quarter and the first half of FY25 amounts to only 8.9 per cent and 8.9 per cent respectively. "If this trend persists, even the growth of the government's gross tax revenue may be adversely affected," DK Sivasankar, chief policy adviser, ICFR, told S&P.

During the first half (April-September) of this financial year, the gross domestic product (GDP) grew by 6 per cent compared to 8.2 per cent during the same period a year ago.

Madan Sabnavnis, chief economist, Bank of Baroda said he sees steady GDP growth in the second half (October-March) of FY25.

"Consumption is already recovering with festival rural spending and wedding season. The government will expedite budget spending and hence growth will be picking up. Investment shows positive signs as intentions are higher than last year post-July. We expect growth for the year to average 6.6-6.8 per cent in FY25," he added.

The slowdown in the September quarter was led by the manufacturing sector, which registered only 2.2 per cent growth along with electricity, which grew 3.3 per cent in the quarter. The labour-intensive construction sector also decelerated, growing at 7.7 per cent in the September quarter compared to 10.5 per cent in the preceding quarter.

The services sector also marginally slowed down in Q2 at 7.1 per cent, compared to 7.2 per cent in the preceding quarter. Among its three components, trade, hotels, transport, communication or services (6 per cent) picked up pace sequentially while financial, real estate, and professional services (6.7 per cent) and public administration, defence, and other services (9.2 per cent) slowed down in the September quarter compared to the preceding quarter.

During the September quarter, agricultural growth (3.5 per cent) stood out with growth firming up to a five-quarter high at 3.5 per cent compared to 2.2 per cent in the preceding quarter as kharif sowing ended well. Mining and quarrying (-0.1 per cent) contracted due to unseasonal rains.

From the demand side, private spending, as represented by private final consumption expenditure, decelerated to 6 per cent despite favourable base while government final consumption expenditure picked up by 4.4 per cent after an election-led slump in June quarter.

NOTICE TO SHAREHOLDERS
(For transfer of equity shares of the Company to Investor Education and Protection Fund (IETF) Account)

This Notice is published pursuant to the provisions of Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (and amendment thereof), (the "Rules"), notified by the Ministry of Corporate Affairs effective from September 7, 2016.

The Rules, inter alia, contain provisions for transfer of all shares in respect of which dividend has not been paid or claimed by shareholders for seven consecutive years or more to the name of IETF Account.

It is noted from the records that certain shareholders of the Company have not encashed/claimed their dividends since 2017-18 (Interim Dividend) and the same remained unclaimed for seven consecutive years (i.e. none of the dividends declared since 2017-18 (Interim Dividend), has been claimed by the shareholder).

Adhering to the various requirements set out in the Rules, the Company has communicated individually to the concerned shareholders whose equity shares are liable to be transferred to IETF Account under the rules for taking appropriate actions.

The Company has updated full details of such shareholders and shares due for transfer to IETF on its website at www.cumminsindia.com. Shareholders are requested to refer to the web-link <http://www.cumminsindia.com/investors/dividend> to verify the details of unencashed/unclaimed dividends and the shares liable to be transferred to IETF Account.

Shareholders may note that both the unclaimed dividend and the shares transferred to the IETF including all benefits accruing on such shares, if any, can be claimed back by them from IETF Authority after following the procedure prescribed by the Rules. In case of no valid claim in respect of equity shares is received from the shareholders, by March 05, 2025 or such other date as may be extended (if any), the Company shall, with a view to complying with the requirements set out in the Rules, transfer the shares to the IETF by the due date as per procedure stipulated in the Rules. Please refer to claim shall lie against the Company in respect of unpaid dividend amount and equity shares transferred to the IETF.

A copy of this notice is also being uploaded on the website of the Stock Exchanges at www.bseindia.com and www.nseindia.com and on the website of the Company as well, for the benefit of the members of the Company.

In case the shareholders have any query on the subject matter, they may contact the Company's Registrar and Share Transfer Agent and/or the Company at below mentioned address:
