PRESS RELEASE

58 Students from Cyient-Adopted Schools Achieve Top Ranks in SSC Public Examinations

Hyderabad, India, May 19, 2025: In a proud moment for Cyient Foundation, 58 students from Cyient-adopted Government Schools scored over 500 marks in the recent SSC Public Examinations, placing them among the top 100 performers across Hyderabad, Ranga Reddy, and Medchal Districts.

This achievement highlights the transformative impact of Cyient Foundation's long-standing commitment to education. The Foundation currently supports 33 government schools across India—22 of them in Telangana—positively influencing the lives of over 20,000 children annually through holistic support in academics, infrastructure, nutrition, and sanitation.

To recognize these students' outstanding performance, Dr. BVR Mohan Reddy, Founder Chairman of Cyient, facilitated the students, and heartfelt appreciation was extended to the dedicated teachers who made this success possible.

During the event, Dr. Reddy personally engaged with the students, encouraging them to pursue higher academic goals and dream big. School headmasters credited Cyient Foundation's consistent support for contributing to improved pass rates and academic excellence.

"These young achievers are a powerful reminder of what becomes possible when opportunity aligns with determination. At Cyient Foundation, we are dedicated to providing children with the tools, support, and environment they need to succeed. This success is a result of the collective efforts of students, educators, our partners, and our committed CSR team. We take pride in contributing to nation-building through impactful and purposeful CSR initiatives," Dr. Reddy said.

The celebration brought together students, parents, teachers, and volunteers in a moment of shared pride and inspiration—a reflection of Cyient Foundation's unwavering mission to enable social progress through education.

About Cyient Foundation

Cyient Foundation, the CSR arm of Cyient Ltd., is dedicated to driving sustainable social impact through initiatives in education, digital literacy, healthcare, and skill development. Since its inception, the Foundation has partnered with communities, governments, and NGOs to create inclusive and scalable models for change.
