Dear Sirs,

Sub: Clarification - GSFC.

We are in receipt of your e-mail dated 10.07.2017 regarding clarification sought by you in respect of intimation given by the Company on Ammonia-IV Plant shut down. In this regard, we are surprised to go through the contents of your communication and we would like to clarify that the shut down referred to was due to the problems of leakage developed in the high pressure process gas from the hot header of recovery box of Ammonia-IV Plant and this does not mean that the Company has decided to shut down this plant/ unit. The Plant operation being continuous in nature, thus confront such technical issues, which upon being attended to, would reinstate the plant to its normal operation. We also submit that the other details sought by you accordingly does not require to be addressed which kindly note.

Trust the above clarification would make you understand the purpose and technicality so explained.

Please take the clarification on record.

Thanking you,

Yours faithfully,

For Gujarat State Fertilizers & Chemicals Ltd.,

CS V V Vachhrajani
Company Secretary &
Vice President (Legal)
