Dear Sir/Madam,

Ref. : Your email dated March 19, 2014

Sub : Clarification on media release in Financial Express titled "Lawsuit filed against DRL in US"

Dr. Reddy's Laboratories Ltd. is one of a number of companies that have filed applications with the USFDA requesting permission to sell generic versions of Cephalon's Treanda® (Bendamustine HCl) Injection for treatment of leukemia. The Company's ANDA includes paragraph IV certifications reflecting the fact that it seeks approval to market the products prior to expiration of certain patents owned by Cephalon. On December 20, 2013, Cephalon filed suit in the US District Court for the District of Delaware, alleging that the Company's actions infringe its patents.

This is in the ordinary course of business of the pharmaceutical industry.

With regards,

Sandeep Poddar
Company Secretary
