### **Safe harbor Statement**

Statements in this document relating to future status, events, or circumstances, including but not limited to statements about plans and objectives, the progress and results of research and development, potential project characteristics, project potential and target dates for project related issues are forward-looking statements based on estimates and the anticipated effects of future events on current and developing circumstances. Such statements are subject to numerous risks and uncertainties and are not necessarily predictive of future results. Actual results may differ materially from those anticipated in the forward-looking statements. The company assumes no obligation to update forward-looking statements to reflect actual results, changed assumptions or other factors.

### **About Om Metals Infraprojects Ltd**

Om Metals Infraprojects is the market leader in the niche segment of turnkey execution from Design, Detailed Engineering, Manufacture, Supply, Installation, Testing & Commissioning of complete range of Hydromechanical equipments for Hydroelectric Power & Irrigation projects. It has its credit more than 60 Hydro-mechanical contracts across India and overseas. The company has recently executed designing to commissioning of one of the World's largest vertical lift gates at Koldam Electric project in Himanchal Pradesh. Robust engineering skills & know how enables the company to execute projects of varied magnitude and complexity ranging from 45 MW to 1000 MW of power generation.

The company has diversified itself in the field of real estate and infrastructure as an opportunistic Investment. As a strategic diversification, the company is planning to enter the high margin Packaging business.
