Dear Sir,

Sub: Food Grade approval for Vikas EcoTech's Tinmate (Organotin Stabilizer) from FICCI Research & Analysis Center

FICCI Research & Analysis Centre (FRAC) has certified Vikas EcoTech's product, **Tinmate** (Organotin PVC Stabilizer) as Food grade and Food Contact Safe product.

FRAC has analyzed PVC components processed with Tinmate supplied by Vikas EcoTech for Food Contact applications. Based on the tests conducted by FRAC, the product meets requirements as per IS: 10146 and is hence considered a Food Grade and Food Contact safe product.

About Organotin PVC Stabilizers -

Organotin is the strongest possible heat stabilizer for PVC industry and is widely used in manufacturing of rigid and flexible PVC products. Organotin stabilizers are suitable for non-toxic and food-grade products made from PVC requiring US FDA approval, high heat stability coupled with very low odour.

Vikas EcoTech is the first and only Indian company with an integrated in-house facility to produce US FDA-approved Organotin PVC heat stabilizers. Company manufactures 100% toxin-free Organotin products directly from Tin metal and markets them under its brand name "**Tinmate**".

The certificate received by Vikas EcoTech from FRAC is attached and the above information is shared for your records.

Please take note of the above information on record.

Thanking You

For Vikas EcoTech Limited

Siddharth Agrawal
(Company Secretary)
