Wipro Named 'Global Breakthrough Partner of the Year' by Pivotal

Award underscores Wipro's success with joint customers and increased investment following the opening of the U.S. Center of Excellence

East Brunswick, New Jersey, USA and Bangalore, India, October 22, 2019 -- Wipro Limited (NYSE: WIT, BSE: 507685, NSE: WIPRO), a leading global information technology, consulting and business process services company, today announced that it has been named "Global Breakthrough Partner of the Year" by Pivotal Software, Inc. (NYSE: PVTI), a leading cloud-native platform provider, at Pivotal's annual SpringOne Platform conference in Austin, Texas.

Wipro's strong investment and growth in its Pivotal practice over the past year made it stand out to receive the "Global Breakthrough Partner of the Year" award. Wipro's Pivotal practice was also one of the fastest growth areas for the company over the past 12 months, with proven success in jointly serving Fortune 500 clients across the banking, financial services, manufacturing, automotive, telecom, healthcare, and utility industries. Strong cultural alignment between Wipro and Pivotal—and their joint emphasis on new ways of working—have also provided a strong foundation for future success.

"I'm delighted to announce that Wipro has received the Global Breakthrough Systems Integrator Partner of the Year award," said **Nick Cayou, Vice President of Global Ecosystem, Pivotal Software**. "The Breakthrough Systems Integrator Partner of the Year Award recognizes partners whose emerging practice around Pivotal's offerings has grown substantially and become strategically important."

Wipro launched the Pivotal Center of Excellence at Wipro's Dallas office in June this year as a co-creation lab for both Wipro and Pivotal to build new solutions with joint customers and demonstrate examples of digital transformation outcomes they have achieved with clients. By March 2020, Wipro will have over 2,000 knowledge workers trained to build and support Pivotal solutions.

Rahul Shah, Vice President and Global Head of Solution Design and Partnerships, Wipro Digital, Wipro Limited, said, "Wipro's investment in Wipro Digital, particularly in the areas of New Ways of Working and high-performance software engineering, make us a highly effective partner to Pivotal and have resulted in significant growth and success for customers."

About Pivotal Software, Inc.

Pivotal combines our cloud-native platform, developer tools, and unique methodology to help the world's largest companies transform the way they build and run their most important software applications. Our technology is used by Global 2000 companies to achieve strategic advantages in software development and IT operations. Learn more at pivotal.io.

Forward-looking and Cautionary Statements

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve a number of risks, and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in our earnings, revenue and profits, our ability to generate and manage growth, intense competition in IT services, our ability to maintain our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which we make strategic investments, withdrawal of fiscal governmental incentives, political instability, war, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property, and general economic conditions affecting our business and industry. Additional risks that could affect our future operating results are more fully described in our filings with the United States Securities and Exchange Commission. These filings are available at www.sec.gov. We may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. We do not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.
