IMPORTS

1. Under the EDI-System, the Bill of Entry shall be filed electronically and shall be processed online in an automated computerized environment. Certain declarations and certificates etc. in original wherever required shall continue to be attached with the assessed copy of Bill of Entry when the same is presented in the Import Shed for clearance of goods. The requisite documents also can be called for by the Appraising Group, if required, while acting on the Bills of Entry. There are certain pre-requisites for filing the electronic declarations which are required to be complied with before filing the Bill of Entry.

1.1 Registration of IE-Code of the Importer

(i) IE-Code is being issued to the importers by DGFT, details of which are transmitted online to the Indian Customs EDI-System (ICES) on daily basis. ICES automatically register the IE-Codes after confirming its validity to enable the importers to file the Bill of Entry electronically. Before filing the Bill of Entry the importers are advised to check from DGFT as to whether their IE-Code has already been transmitted to ICES. If their IE-Code has not been transmitted to ICES by DGFT, they should first get the same transmitted from DGFT, failing which they will not be able to file Bill of Entry electronically for clearance of imported goods.

(ii) In case the IE-Code is registered for exports the same shall hold good for imports also. The DGFT has notified certain generic Codes for certain classes of importers in the EXIM Policy and exempted them from taking a specific IE Code. Such importers should use respective codes for filing the Bill of Entry. However, if an importer does not fall in the exempted category and also does not hold specific IE Code, he should use the Code 0100000053 for personal effects and "0100000001" for all other imports. In such cases the Bill of Entry shall automatically appear on the computer screen of the concerned Assistant / Deputy Commissioner for online approval.

c. In the final scroll, a single amount indicating DBK and STR amount shall be shown against shipping bills. However print copy of Scroll shall contain a consolidated breakup indicating Drawback amount and ST refund amount.

d. Exporters can check status of STR through ICEGATE as well as Touch screen application.

e. MIS has been suitably modified to indicate drawback and STR amount separately for Reporting and accounting purpose.

28.4 Claim for Availment of Chapter 3 benefits:

Exporters intending to claim chapter 3 benefits are required to declare "Y" in the item segment of Reward claimed (Table 28(14)) without which their Shipping bill will not be transmitted to DGFT for availing such benefits.
