Subject: Disclosure under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations")

Dear Sir/Madam,

This is to inform that there was a sudden breakdown in one of the three kilns located at Rajgangpur, Odisha on 13th March 2026. The impacted kiln provides a major share of the total clinker consumption in our grinding units located in Odisha, West Bengal and Jharkhand. Post necessary repairs and maintenance, the kiln was successfully relit, and we started getting clinker output from 27th March 2026. Our operations have now stabilized and clinker dispatch to all grinding units is returning to normal.

As a result of this breakdown that lasted 14 days, and also due to the fact that we were already operating at low inventory levels, cement sales in our key eastern markets have been impacted by almost 2.5 ~ 3.0 Lac Tons in March 2026.

We regret the disruption in supplies to our esteemed channel partners during this peak demand period due to this unforeseen event. We would like to reassure them that all necessary measures are being undertaken to normalize our supply chains at the earliest.

The aforesaid event does not qualify to be a material event in terms of regulation 30 of SEBI (LODR) Regulations, 2015 read with Industry Standards Note on Regulation 30, however, this intimation is being made voluntarily out of caution for information of all concerned stakeholders.

This is for your information and records.

Thanking you,

Yours sincerely,
For Dalmia Bharat Limited

Rajeev Kumar
Company Secretary
