Arun Rajkumar of Datamatics Digital Recognized as CIO100 Award Winner by IDG

Mumbai, September 25, 2018: Datamatics Global Services Ltd. (DGSL), a global IT & BPM company, today announced that it has been honoured with the CIO100 Award 2018 by IDG's CIO Magazine. Datamatics was felicitated with the Future Tech Leader Award for displaying exemplary vision for identifying and deploying relevant future technology skills and creating an environment to make the organization future-proof.

[Arun Rajkumar](#), Associate VP – Engineering Solutions, Datamatics Digital was honoured as the Future Tech Leader. Arun received this special award for his innovation in business and technology skill-set acquisition methodologies used in various projects. He is currently leading innovations at Datamatics Digital.

The 13th Indian edition of CIO100 Symposium and Awards celebrated 100 outstanding Indian organizations and their digital architects. The annual award program recognizes and honors organizations and their CIOs for showcasing stellar leadership and outstanding IT implementations, aimed at furthering their business.

Mr. Sanjeev Subhedar, Executive Vice President & Head - Engineering Solutions, Datamatics Global Services Ltd. said, "At Datamatics, our people are at the core of our business that delivers exceptional value to our customers. We all are proud that Arun is recognized by CIO100 as a Future Tech Leader."

Commenting on the occasion, **IDG India's President & CEO, Louis D'Mello** said, "The CIO100 Award recognizes the best amongst the best and the work by the team at Datamatics makes them truly deserving of this honor."

About CIO100 Awards

IDG has a long and proud tradition of honoring leading companies for business and technology leadership and innovations through its premiere award program – CIO100. Over the last three decades CIO100 has become a proud tradition that extends from the USA to dozens of countries around the world. It is an acknowledged mark of enterprise IT excellence. It's a celebration of 100 organizations (and the people within them) that are using information technology in innovative ways to deliver business value, whether by creating competitive advantage, optimizing business processes, enabling growth or improving relationships with customers. Hosted in countries such as Canada, Sweden,
