Dear Sir,

Stock Symbol: DEEPAKNTR

Re: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

We refer to our earlier communications dated 2nd June, 2022, 8th June, 2022 and 9th June, 2022 with respect to fire incidence around warehouse of Company's manufacturing site located at Nandesari, District Vadodara, in the State of Gujarat ('Plant').

The fire which included burning of bags and products within, also caused liberation of grey smoke thereby affecting ambient air quality in the nearby area, as per air monitoring carried out by Gujarat Pollution Control Board ('GPCB'). Further, dousing of fire generated large amount of waste water which was non-compliant due to usage of foam, as per samples drawn by GPCB outside the factory premises from GIDC storm water drain.

As a consequence, and considering the effluent so generated, both gaseous and liquid, GPCB, under provisions of Air (Prevention and Control of Pollution) Act, 1981 ('Air Act') and Water (Prevention and Control of Pollution) Act, 1974 ('Water Act'), has issued directions for closure of the Plant.

The Company has been directed by GPCB for payment of ₹ 1 crore as an interim Environmental Compensation.

The Company has also been directed to submit Bank Guarantee of ₹ 5 Lakhs each under Air Act and Water Act, along with revocation application.

We are in the process of complying with the directions of GPCB as well as other government authorities. We shall submit the compliance report to the authorities soon and expect to receive the permission to restart the Plant after necessary inspections, audits done by the authorities to their satisfaction.
