Dev Information Technology Ltd. appraised at CMMI® Maturity Level 3 Reflecting DEV IT's commitment to Quality and culture of Continuous Improvement

27 September, 2019, Ahmedabad.

Dev Information Technology Ltd. [NSE: DEVIT], a global end-to-end IT services provider announced today that it was appraised at Capability Maturity Model Integration for Development (CMMI-DEV) Maturity Level 3 rating of its Enterprise Solutions and Software Development services. The appraisal was performed by Cunix Infotech Pvt. Ltd. The appraisal validates company's ability to deliver effective and efficient software services to its clients globally. This even elevates DEV IT in to the forum of select few companies which enjoy the privilege of being appraised in both SVC as well as DEV.

CMMI is a capability improvement framework that provides organizations with the essential elements of effective processes that ultimately improve their performance. CMMI is a process improvement approach that provides organizations with a mechanism to evaluate their capabilities resulting directly in improved performance to customers. DEV IT's appraisal included organizational process management, project and work management, engineering and support for current software development projects for customers across varied domains. DEV IT also holds ISO 9001, ISO 27001 and CMMI® SVC Level 3 certifications.

"We are extremely proud of achieving CMMI® Maturity Level 3 appraisal and continuing our history of promoting quality and our culture of continuous improvement. It is a noteworthy milestone in our journey to become an end-to-end IT services partner to our customers." said **Vishal Vasu, Director and CTO, DEV IT**. "We were always confident in our ability to deliver high quality services. This appraisal further validates and demonstrates our commitment to excellence and constantly delivering high performance results to our customers, as we assist them to achieve their business goals and drive their digital transformation journey."

An appraisal at maturity level 3 indicates that Dev Information Technology Ltd. is performing at a "defined" level. At this level, processes are well characterized and understood, and are described in standards, procedures, tools, and methods. The organization's set of standard processes, which is the basis for maturity level 3, is established and improved over time.

DEV IT joins an elite group of process-oriented global organizations through this rating. With CMMI® Maturity Level 3 rating, Dev Information Technology Ltd. aims to unlock optimized deployment of resources in high turnaround time while ensuring no compromise in quality. The rating proves DEV IT has disciplined systems and processes that are ingrained in the way they do business. By adopting this approach, DEV IT will leverage on increased work efficiency, improved team communications, accelerated service delivery cycles, quality enhancements, and more. The complete CMMI Appraisal took a lot of effort by a lot of talented people, and this rating will give DEV IT a tremendous competitive edge.
