- During the year ended March 31, 2020, Company reversed contingent consideration payable on business combinations consummated in previous year amounting to INR 2,568 lakhs [USD 3.6 million] based on company's assessment, being no longer payable. This reversal is accounted under other income.
- The Company continues to actively manage its business during COVID-19 pandemic and has not yet experienced significant changes on the business impact than estimated earlier. In assessing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, nothing has come to the attention of the Company through internal and external sources, which warrants a reassessment of carrying amounts of financial and non-financial assets on the expected future performance of the Company.
- The above is an extract of the detailed format of Quarterly Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the standalone and consolidated quarterly financial results are available on stock exchange websites (www.nseindia.com and www.bseindia.com) and on Company's website (www.zensar.com).
- During the quarter ended September 30, 2020, in line with its strategy to focus on core businesses only, the Company had advanced its process to identify potential buyers for Third Party Maintenance ("TPM") business housed in its subsidiaries, PSI Holding Group Inc, Zensar Technologies IM Inc and Zensar Technologies IM B.V. (collectively referred to as "PSI Group" or "disposal group"). Subsequently, on October 19, 2020, the Company signed an agreement subject to approval of shareholders and other approvals for sale of PSI Group for a consideration of USD 10 million receivable upfront (subject to working capital adjustment) and USD 5 million performance based deferred earnings. Accordingly, for September 2020 results, carrying amount of assets amounting to Rs. 18,974 lakhs and liabilities amounting to Rs. 6,108 lakhs in respect of the disposal group have been reclassified as "Held For Sale". On reclassification, the disposal group has been measured at the lower of carrying amount and fair value less transaction cost associated to sell and consequently, an "Adjustment in respect of excess of carrying amount including goodwill over recoverable amount on classification as Held for Sale" of Rs. 8,873 lakhs has been recognized in the Consolidated Profit and Loss for the quarter and half year ended September 30, 2020 and disclosed as exceptional item. On the eventual disposal of Asset Held for Sale, the Zensar Group will reclassify balance in Foreign currency translation reserve as on that date to Consolidated Statement of Profit and Loss. The disposal group does not constitute a separate major component of the Zensar Group and therefore has not been classified as discontinued operations in the Consolidated Statement of Profit and Loss.

FB using India experience to stop abuse in US polls

FACEBOOK CEO MARK Zuckerberg has said steps taken by the social media giant have helped protect the integrity of more than 200 different elections around the world, including in India, and

have also played an important role in stopping abuse ahead of US elections.

Noting that next week will certainly be a "test" for Facebook, Zuckerberg said the company will continue "fight-

ing to protect the integrity of the democratic process".

"These are all changes we've made in the last four years — and they've helped us protect the integrity of more than 200 different elections

around the world, including in the EU, India and Indonesia. And they've been important for stopping abuse ahead of next week's vote in the US," Zuckerberg said during the company's earnings call and

outlined some of the steps that have been taken. He added that the company has focused on issues like voter suppression, and has worked closely with experts in the space, including civil rights leaders.

BPCL puts Bina refinery expansion plan on hold till privatisation

BHARAT PETROLEUM has put on hold its plans to expand its Bina refinery and install a secondary unit at its Mumbai refinery to boost efficiency pending privatisation of the company, its head of finance N Vijayagopal said.

The government wants to sell its 53.29% stake in BPCL, the country's second-largest state-run refiner, to raise funds to rein in a ballooning fiscal deficit. "It is for the new owner to decide whether they want and have the flexibility to add refining capacity," Vijayagopal told an analyst conference. BPCL wanted to install a residue fluid catalytic cracker at the Mumbai refinery and connect the plant with a new site where it wanted to build an ethylene cracker. It wanted to expand the Bina refinery in central India to 300,000 barrels per day from 156,000 bpd along with a petrochemical plant.
