Subject: Company Update – Digikore Studios Wins ₹2.60 Crore VFX & Virtual Production order on a European Feature Film

Sir/Madam,

Digikore Studios Limited (NSE: DIGIKORE) is pleased to announce a new direct project win that combines both **Visual Effects (VFX)** and **Virtual Production asset development**. The Company has secured a **₹2.60 crore order** from a leading production studio based in Europe.

This win reflects the **success of our recent mega sales drive across the US and Europe**, which is now bearing tangible results. It also underscores our **rapid growth in the European market**, strengthening Digikore Studios' global presence and supporting our FY26 revenue projections.

Importantly, this project was awarded to Digikore primarily due to our **recognized strength in Virtual Production asset development**—a capability that very few studios worldwide possess. Digikore has emerged as one of the **premier global studios for Virtual Production assets**, and this project further validates our leadership in this high-growth area while adding meaningful VFX scope as well.

Highlights:

- **Order Value:** ₹2.60 crore, with scope for expansion based on additional shots.
