Digikore Studios Reaffirms Growth Visibility Amid Proposed US Tariff Discussions

Pune, India — September 30, 2025: Digikore Studios Limited (NSE: **DIGIKORE**), a leading global visual effects (VFX) partner to major studios and streamers, wishes to address recent concerns around proposed tariff discussions in the United States and provide clarity to its shareholders and investors.

- **80% Revenues from Stable Episodic Content**
More than 80% of Digikore's revenues are derived from long-term episodic projects with leading global streaming platforms and broadcasters. This recurring and predictable pipeline provides consistent cash flows and significantly reduces exposure to fluctuations in the film-only business segment.
- **Tariff Proposal Unlikely to Materialize**
The US tariff discussions remain at a *proposal* stage. Given the globalized nature of film and television production, such measures would be structurally difficult to enforce. Industry workflows, international talent pools, and budgetary realities make full domestic production within the US impractical.
- **Strength in US Ecosystem Relationships**
Digikore continues to partner with major US studios and platforms, including **Netflix, Disney, HBO, Amazon, and CBS**. With the majority of projects already originating from within the US ecosystem, revenue streams are well protected against policy-related uncertainties.
- **Robust Growth and Innovation Pipeline**
The Company is actively scaling its capabilities in **VFX, Virtual Production, and AI-driven platforms**, ensuring profitable growth while strengthening operating leverage. Digikore remains firmly on track to meet its FY26 growth guidance and long-term strategic objectives.

Mr Abhishek More, Founder & CEO's Perspective:

"Digikore remains one of the most protected players in the VFX sector. With over 80% of our revenues coming from episodic content, and with most of our projects originating within the US ecosystem, we are structurally well placed to navigate these discussions. Our growth roadmap in VFX, Virtual Production, and AI-driven platforms remains intact and robust."

The Company reiterates its commitment to maintaining transparency with shareholders and delivering long-term value creation.

About Digikore Studios Limited:

Digikore Studios stands out as a top-tier, tech-driven visual effects studio while also expanding into innovative B2B and B2C AI SaaS platforms. Known for its comprehensive range of VFX services managed by experienced production professionals, Digikore leverages cutting-edge technology and proprietary tools to deliver exceptional results, solidifying its reputation as a preferred choice for major studios worldwide. Beyond its contributions to iconic movies and shows like Thor: Love and Thunder, Black Panther: Wakanda Forever, Deadpool, Star Trek, Jumanji, Stranger Things, Game of Thrones, Titanic 3D, and Ghost Rider: Spirit of Vengeance, Digikore now pioneers AI-driven solutions that cater directly to businesses and consumers, combining creativity and technology to enhance user experiences.

With a growing client list that includes major studios such as Disney, Marvel, Netflix, CBS, HBO, Amazon, Apple, Warner Brothers, Sony, Paramount, and Lionsgate, Digikore's diversification into B2B and B2C AI platforms marks a strategic evolution. The company's dedicated team continues to make the impossible possible, delivering secure, flexible, and cost-effective solutions for studios, independent creators, and now a broader consumer audience. Whether working on spectacular cinematic scenes, intricate visual details, or cutting-edge AI experiences, Digikore's commitment to excellence remains unwavering.
