Digitide Solutions Strengthens Leadership Bench with Strategic Appointments Across Strategy & Corporate Development and Finance

Bengaluru, August 20, 2026: Digitide Solutions Limited ("Digitide") (BSE: 544413 | NSE: DIGITIDE), an AI-first, digitally native business transformation company, announced two senior leadership appointments as part of its continued execution against a deliberate, profitability-led strategy. Harigovind Krishnasamy has been appointed Chief Financial Officer (Designate) with immediate effect, and will assume the office of Chief Financial Officer effective October 1, 2026. Suraj Prasad will transition to Chief Strategy and Corporate Development Officer, also effective October 1, 2026.

The appointments mark a deliberate step in Digitide's next chapter — one built on sharper focus, disciplined capital allocation, and a conviction that sustainable value comes from doing the right things well, not simply doing more. As the company strengthens its core, accelerates its AI and Digital capabilities, deepens its international presence, and pursues selective build, partner, and acquire opportunities, these two mandates are designed to turn that strategy into outcomes stakeholders can see and measure.

Harigovind Krishnasamy joins as Chief Financial Officer (Designate) with immediate effect and will assume the office of Chief Financial Officer effective October 1, 2026. He brings over 21 years of finance leadership experience across large conglomerates and high-growth digital businesses, including more than five years of international experience. He has served as Chief Financial Officer of Matrimony.com Limited and of Indiavidual Learning Limited, the entity operating Embibe, the edtech business within the Reliance Jio group, and has previously held senior finance roles at Vedanta, DEN Networks, and Jio Platforms. He is a Chartered Accountant and has completed all three levels of the CFA Program.

Suraj Prasad, who has served as Chief Financial Officer since the company's demerger and listing, will lead Strategy and Corporate Development effective October 1, 2026, with a mandate spanning portfolio transformation, M&A, strategic investments, and investor relations. He will continue to discharge his responsibilities as CFO until September 30, 2026, ensuring a seamless transition alongside Harigovind's designate period.

Sameer Ahluwalia, Chief Executive Officer and Executive Director, Digitide Solutions Ltd., said: "Sustainable value doesn't come from growth alone — it comes from pursuing the right kind of growth. That's the discipline we are building into every part of this organization, starting with how we lead. Hari brings the financial rigour to sharpen how we allocate capital and measure performance, and Suraj brings the strategic depth to decide where we compete and where we don't. Together, they give us exactly the leadership this next chapter needs."

Suraj Prasad, Chief Strategy and Corporate Development Officer (Designate), Digitide Solutions Ltd., said: "Since Digitide became an independent, listed company, we've built the financial discipline this business needed to stand on its own. The natural next step is applying that same rigour to where we take Digitide next — sharpening our portfolio, deepening our partnerships, and making deliberate choices about where we build, where we partner, and where we acquire. I'm looking forward to shaping that path."

Harigovind Krishnasamy, Chief Financial Officer (Designate), Digitide Solutions Ltd., said: "Digitide has a strong foundation, a differentiated set of AI-led platforms, and a clear runway in a market that is expanding quickly. I look forward to working with Sameer and the leadership team to create sustained value for our customers, employees, and shareholders."
